 - 1. Micro-LBEs acting as subcontractors shall provide a written quote that includes all pertinent information for that portion of the project that the subcontractor seeks to perform. A prime contractor shall not submit a bid containing a quote from a subcontractor, unless the prime contractor has received such quote in writing from the subcontractor. A subcontractor shall not be permitted to subcontract or assign any of such work upon which it submits a quote without the prior express written permission of GRCC Purchasing Director.

2. Prime contractors may not terminate an approved Micro-LBE subcontractor working on a GRCC construction project, and then perform the work on the terminated subcontract with its own forces or those of another subcontractor, without prior written consent by GRCC Purchasing Director. If a Micro-LBE subcontractor fails to complete its work on the contract for any reason, a prime contractor must notify GRCC Purchasing Department and Facilities Departments and make good faith efforts to find another approved Micro-LBE subcontractor to substitute for the original Micro-LBE subcontractor. Utilizing good faith efforts, and to the extent reasonable, the prime contractor shall substitute an approved Micro-LBE subcontractor to perform the same amount of work under the contract as the Micro-LBE subcontractor that was terminated.

C. 1. Emergency & Critical situations: The President, after consultation with the Board Chairperson, will provide approval for the purchase of goods and services, and property leases when the initial order, annual order, contract or agreement exceeds \$100,000; when deemed necessary to guarantee the safety of students, staff and visitors. The President, after consultation with the Board Chairperson, may also provide approval of a critical purchase exceeding \$100,000 in the absence of a Board of Trustees regular monthly meeting. These purchases will be reported at the next Board of Trustees regular meeting.

2. If a rate is fixed by the Public Service Commission or a governing unit, the Board of Trustees need not approve payments in those instances as is true in compensation and certain fringe benefits. Approval of payments for bond indebtedness, interest, leases, library materials, rentals, utilities, specified goods and services under grants, payments to employees, and to participating agencies under consortium agreements is not required when prior approval of the contract or agreement has been given by the Board.

D. Goods and services purchased for resale and paid for with monies from Agency Funds and/or Auxiliary Funds: Such purchases are exempt from this policy.

E. Bids shall be solicited from a diverse supplier pool, representative of the GRCC Metropolitan Statistical Area whenever possible.

1. Bids will be solicited from qualified sources who present the potential to provide the best overall value. GRCC reserves the right to re-bid when two or

less responses to a bid are received or for any other reason(s) deemed necessary in the best interest of the College.

2. Purchases will be made from GRCC District area vendors in all cases where price and all other factors are equal to or lower than vendors outside the GRCC District, at the discretion of the Director of Purchasing. In those cases where the GRCC district vendor bid price exceeds the bid price of the vendors outside the GRCC District, and the advantage to the College is service and/or deliverability, the College reserves the right to award to the vendor within the GRCC District at the discretion of the Director of Purchasing.

3. All formal bids shall be requested based on F.O.B. (Free on Board) – DESTINATION. Exceptions can be made at the discretion of the Director of Purchasing.

4. All formal bids shall be sealed (hardcopy or electronic) and endorsed with the bid name and the bid number.

5. Bids/Quotes shall be net and exclude all Federal, State, and excise taxes.

F. All bids and specifications shall be available for inspection. Solicitations shall include all bidder requirements and all product requirements including brand name or equal, technical and/or performance requirements, range of acceptable characteristics, minimum acceptable characteristics, minimum acceptable standards and any other factors to be considered in evaluating bids or proposals. Where appropriate, an analysis will be made of lease vs. purchase alternatives, and any other analysis necessary to determine the most economical approach. Additionally, a review of proposed procurements will be conducted periodically to avoid the purchase of unnecessary or duplicative items.

G. Accessible Electronic Information Technology: To ensure the procurement of products and services which are compliant with Section 508 of the Rehabilitation Act of 1973 (as amended in 1998), the vendor must provide Section 508 compliance audit or test results that document the testing methodology utilized to determine the product or solution's compliance and the results of the accessibility audit. The procurement officer will note whether the testing was conducted by the vendor or whether an independent third party auditor was retained.

I. Competitive sealed (hardcopy or electronic) bidding on all purchases of goods and services over \$25,000 will be conducted and bids will be advertising in the appropriate media (there are no departmental exceptions). All bids and specifications shall be available for inspection. Sealed bids are not required for purchases under contracts established by the College, a public agency or cooperative agreements. Annual awards resulting from sealed bidding are subject to an annual review for quality and cost increase/containment; and consequently may be extended for two additional years, for a total term of three years, at the discretion of the Director of Purchasing. The Board of Trustees authorizes the Director of Purchasing to approve sealed bid exemptions deemed necessary in the best interest of the College and emergency purchases involving safety of persons, protection of property or the prompt restoration of service to minimize interruption of college activities. These purchases will be reported at the next Board of Trustees regular meeting.

J. Sole source purchases are allowable only when obtaining competitive bids is impossible or when substitutes have been ascertained to be unacceptable, and after conducting a good faith review of applicable sources. Sole source purchases over \$5,000 must include proper justification detailing why competitive bids would not be appropriate and that there is only one source for supplying the requested goods, service or construction item. The sole source justification does not relieve the responsibility of the Requisitioner or Purchasing Department to obtain a fair and reasonable price.

K. Infrequent purchase of materials, equipment, goods, supplies or services of \$2,500 and less may be made without the execution of a requisition and/or purchase order.

1. For a purchase order number, Requesters should use their first initial/last name, hyphen and bldg./floor (Example: MDAVIS-ADM1, indicating M. Davis, Administration Building, 1st floor).
2. Vendors should be instructed to note the purchase order number on the invoice and all related correspondence; forward the associated invoice to the Requester; and ship to the 151 Fountain St. NE receiving address.
3. The Requester should sign and date the invoice indicating receipt, add the appropriate account number, obtain appropriate Budget Control Officer's signature authorizing payment, and forward the original executed invoice to Accounts Payable for payment processing within ten days of the invoice date.
4. This policy segment is designed for sporadic, infrequent purchases and is not to be utilized for vendors with a fiscal annual spend of \$25,000 or more.
5. Purchases will be monitored for pyramiding, which will not be tolerated.

6. Computers and accessories, computer hardware, computer software, fixed assets and furniture are exempt and must be purchased under normal purchasing procedures.

L. Purchase of materials, equipment, goods, supplies or services greater than \$1,000 shall not be made without the execution of an electronic requisition and subsequent purchase order, with the exception of procurement card purchases and excluded items noted in this policy.

M. Procurement/Travel Cards:

Procurement Cards:

1. Procurement cards will be issued to GRCC staff upon request at the discretion of the Director of Purchasing.
2. Upon acceptance of the procurement card, cardholders agree to the GRCC Procurement Card Agreement and to act as responsible agents to protect college assets.
3. Procurement cards may be used for GRCC low value purchases in the following categories; MRO (Maintenance Repair Orders), seminars, books or journals, general goods and services, subscriptions and in instances where a check request may be used.
4. Improper use of the card can result in disciplinary action, up to, and including termination.
5. GRCC employees should not use procurement cards or seek reimbursement for items where an institutional agreement exists (i.e. Food Service items, Gasoline, Office Supplies, Printing Service items) without prior approval from the Purchasing Department.
6. Requisitioners agree to conduct purchases in accordance with the GRCC Purchasing Policy and to act as responsible agents to protect college assets. Improper purchasing conduct can result in disciplinary action, up to and including termination.
7. Purchasing Department will process all fully executed requisitions submitted for less than \$100,000, within five business days.
8. The Director of Purchasing, along with a representative from the requesting department, shall conduct negotiations as appropriate.
9. All travel related charges are subject to the GRCC Travel Standards Policy/Guidelines & Procedures, otherwise the cardholder is responsible for the associated charges.
10. Procurement cards may not be used for airfare, alcohol, gasoline, chemicals (w/o MSDS), consultant services, fixed assets, meals, travel related expenses and/or tuition reimbursement.

Travel Cards:

1. Upon acceptance of the travel card, cardholders agree to the GRCC Travel Card Agreement and to act as responsible agents to protect college assets.
2. All travel related charges are subject to the GRCC Travel Standards Policy/Guidelines & Procedures. Food and meal related charges are subject to the GRCC Food and Beverage Policy and Reimbursement of Employee Expenses Policy; otherwise the cardholder is responsible for the associated charges.

All:

1. An approved Leave of Absence will be required at procurement/travel card reconciliation each month; otherwise the cardholder is responsible for the associated charges.
2. Use of the procurement and travel cards for personal purchases, cash advances and/or cash refunds is strictly prohibited. GRCC reserves the right to terminate cardholder use at any time and for any reason. Cardholders agree to relinquish the procurement card to GRCC upon request or termination of employment.
3. Any exception to the procurement/travel card policy as noted above requires the advance approval of the Director of Purchasing.

N. All purchases shall conform to budgetary restrictions formally adopted by the Board of Trustees.

O. Vendors, Contractors, and Subcontractors shall not discriminate against any employee or applicant for employment in the performance of contracts with respect to hiring because of age, race, color, religion, marital status, sex (including pregnancy), sexual orientation, height, weight, national origin, disability, veteran status and/or any other legally protected class not heretofore mentioned. Breach of this covenant may be regarded as a material breach of the Purchasing Agreement as provided in the College Fair Employment Practices Agreement.

P. Unauthorized purchase agreements or contracts may be disallowed by the Director of Purchasing, BOT and/or the President of the College or designee.

Q. The BOT's benchmark for Supplier Diversity (diverse supplier) contract awards is 12% of the budget allocated for purchased services (an internal benchmark that is reflective of the community we serve). GRCC does not execute any gender or racial preferences with regard to purchasing practices. The BOT is committed to develop and expand opportunities for supplier diversity. The Board authorizes the Purchasing Department in concert with the Supplier Diversity Team to develop programs for supplier diversity and programs to track and report progress.

R. Bidder Protests: Only a bidder on a given solicitation may protest an award decision. A bidder is considered a supplier who has submitted a formal offer which

meets all submission requirements and is therefore considered “responsive”. A “No Bid” in the context of a protest does not constitute a formal offer. GRCC Purchasing Department will not consider protests filed by manufacturers or suppliers selling through distributors, or businesses listed as subcontractors in a vendor’s proposal.

1. In order to initiate a protest, a bidder must follow these steps:
 - i. By 5:00 p.m. on the 2nd calendar day after the recommendation to award, the aggrieved bidder must submit a written protest to the Director of Purchasing.
 - ii. When notice of award has been issued, the date shall be calculated from the date of the notice. If the last day is a Saturday, Sunday, or legal holiday, the period is extended to include the next day which is not a Saturday, Sunday, or legal holiday.
 - iii. When the protest due date falls on a Saturday, Sunday, or legal holiday, the bidder shall submit the protest by 5:00 p.m. on the next GRCC business day.
 - iv. The written protest must include the RFP/RFQ number and should clearly state the facts believed to constitute an error in the award recommendation, and the desired remedy.
 - v. Only the information provided within the 2-day deadline will be considered in arriving at a decision. The Director of Purchasing is not required to take into consideration any material filed by any party after the protest deadline.
2. The Director of Purchasing or the Director’s designee will provide a written decision to the protesting party after investigating the matter, or if more information is needed, will schedule an informal meeting before issuing a decision.
3. Should the bidder decide to protest the Director of Purchasing’s written decision, the bidder may appeal the matter to the Vice President for Finance and Administration. The written appeal should be received in the Purchasing Office within two business days after the bidder’s receipt of the Director of Purchasing’s written decision. The Vice President for Financial and Administration will take the matter under advisement and render a decision, which is final.
4. Until issuing a final decision on a timely protest, GRCC Purchasing Department will not award a contract or purchase order pursuant to a disputed solicitation. However, if there is a specific urgency, emergency, threat to public health, safety or welfare, or danger of immediate and substantial harm to GRCC property from delay in making an award, the Director of Purchasing may proceed with an award and document the justification for such action.
5. Issues Not Subject to Protest: To maintain the integrity of the procurement process and to ensure that GRCC receives procurements

without undue delay, protests requesting waiver of the following omissions and requirements cannot be granted:

- i. Failure of a bidder to properly complete sealed bid instructions.
 - ii. Failure of a bidder to submit the bid to GRCC Purchasing Department by the due date and time.
 - iii. Failure of a bidder to provide samples, descriptive literature, or other required documents by the date and time specified.
 - iv. Failure of a bidder to provide a required bid bond or performance bond by the date and time specified.
 - v. Failure of a bidder to provide diversity participation by the date and time specified.
 - vi. Failure of a bidder to submit a protest within the time stipulated in the notice to award or as determined by the Director of Purchasing.
6. If there are no responsive bids, these requirements may be waived at the discretion of the Director of Purchasing. In fairness to bidders who meet specifications and to prevent delays in procurement, GRCC Purchasing Department will not withdraw a recommendation to award or re-evaluate bids when a protest maintains that the RFQ/RFP specifications were faulty or that a bid exceeding specifications provided a better value than a lower bid meeting specifications. A supplier must raise specific concerns about the RFQ/RFP specifications.

S. Debarment: GRCC may debar a vendor from participation in the bid process and from contract award upon notice and a finding at GRCC's discretion that the vendor is not able to perform responsibly, or that the vendor, or an officer or an owner, has demonstrated a lack of integrity that could jeopardize the College's interest if the College were to contract with the vendor.
