X. Procedures

A. Process to initiate a refund

A student must initiate a refund by dropping a class via the online student center or by going to the Enrollment Center or other College Service Office to obtain assistance with the online process. The percentage of tuition refunded to the student who drops classes will be calculated for each class based on (1) the number of calendar days (including weekends) between the class start date and the end date (regardless of the number of days the class has met and/or the student has attended) and (2) the date the drop is initiated by the student. Exceptions shall be made when the College cancels a class.

Withdraw before 5% of calendar days	100% Refund
Withdraw before 10% of calendar days	50% Refund
Withdraw after 10% of calendar days	0% Refund

The following College Fees will be refunded based on the same percentage as the tuition refund schedule: Technology Fee, Facility Maintenance Fee, Campus Activity Fee and Course Fees.

B. Title IV Funds

For students with federal grants or loans, Return of Title IV Funds regulations determine the amount of aid earned at the point of withdrawal, based on the student's last date of attendance. The federal pro rata formula is used to determine aid earned for students who withdraw from course(s) on or before the 60% point in the payment period or period of enrollment. The Return of IV Funds calculation determines only the amount of Title IV to be returned by the College and/or the student due to withdrawal.

C. Refund Initiation

All refunds must be initiated by the student by dropping a class(es) via the online student center or by going in person to the Enrollment Center to obtain assistance with the online process.

D. Refund Appeals

To be considered for refunds for unusual circumstances, a student must withdraw from class(es) or receive a DR grade per the Attendance Policy, then complete the Tuition and Fee Refund Appeal Application. Class(es) must be dropped by the 70% drop deadline in order to be considered for a tuition and fee refund. Refer to the Tuition and

Fees Refund Appeal Application for appeal guidelines, requirements and the appeal review process. Appeals will be accepted for review for 30 days after the end of each semester. Appeals submitted after this time period will not be accepted.

E. Transcript
