X. Procedures

- A. The legal standard for reporting/mandated reporters: Michigan law requires that mandated reporters must file a report when there is reasonable cause to suspect abuse or neglect. Reporters are not required to determine whether abuse or neglect has actually occurred. The Department of Human Services is responsible for investigating reports of abuse and neglect. You must make a report whenever you suspect that abuse or neglect may have occurred.
- B. Reporting requirements for all other persons: Members of the GRCC community other than a mandated reporter including other staff, students and contractors on campus, are also required to report suspected child abuse or neglect.
- C. Liability for failure to report: Any employee who fails to report suspected child abuse or neglect in violation of this policy may be subject to discipline for professional misconduct, up to and including termination.

For mandated reporters: If you fail to file a report of suspected abuse or neglect, mandated reporters will be subject to both civil and criminal liability. If you are a mandated reporter, you may be held liable in a civil action for all damages that any person suffers due to your failure to file a report. In a criminal action, you may be found guilty of a misdemeanor punishable by imprisonment for up to 93 days and a fine of \$500. Notifying your supervisor or other agency administrator DOES NOT satisfy your legal obligation to file a report with DHS.

- D. Good faith: You will not be "punished" for filing a report when a report is filed in good faith. You cannot be held liable to any person for any damages they may suffer. You are also immune from any criminal liability that could otherwise result. When you file a report, you are presumed to have acted in good faith. An aggrieved person would have the burden of proving that you made a report for some reason

unrelated to the well-being of the child who was the subject of your report. An aggrieved person could never meet this burden if you filed a report due to your concern for a child's well-being.

E. Reporting requirements:

1. Oral Report: An employee who has reasonable cause to suspect child abuse or neglect must immediately make, by telephone or otherwise, an oral report of the suspected child abuse or neglect to the Department of Human Services.  - d. The nature and extent of the suspected abuse or neglect, including any information regarding possible previous instances of abuse or neglect; and
 - e. Any other information that may help to identify the person responsible for the abuse or neglect or determine the cause.
 - 1) Written Report: Within 72 hours after making the oral report, the reporting person must file a written report.
 - 2) Notification to GRCC: The reporting person must notify the President of the College or designee that a report has been made, and must make a copy of the written report available.

F. Cooperation with other Agencies: The College shall cooperate fully and appropriately with any investigation of suspected child abuse or neglect by a local department or social services or law enforcement agency.
