COLLECTIVE BARGAINING AGREEMENT

This collective bargaining agreement entered into the 18th day of March, 2013, by and between the BOARD OF TRUSTEES OF THE GRAND RAPIDS COMMUNITY COLLEGE, hereinafter referred to as the “College,” and the FACULTY ASSOCIATION OF THE GRAND RAPIDS COMMUNITY COLLEGE, an unincorporated association hereinafter referred to as the “ASSOCIATION.”

ARTICLE 1 - PREAMBLE

The College and the Association recognize their mutual obligations pursuant to Act 379 of the Public Acts of 1965 to bargain collectively with respect to hours, wages, terms and conditions of employment, and all other areas subject to bargaining. Both parties have entered into and conducted extended and good faith negotiations where each party has had the right and opportunity to make demands and proposals with regard to all bargaining subjects. Agreement has been reached between the parties hereto, including formal ratification of the terms hereof by the governing body of the Board of Trustees of the Grand Rapids Community College and by the College Faculty represented by the Association.

ARTICLE 2 - FACULTY ASSOCIATION RIGHTS

A. RECOGNITION

1. The College recognizes the Association as the exclusive bargaining representative for the Grand Rapids Community College faculty. Faculty includes all classroom faculty, counselors, librarians, program directors, department heads, and all positions/assignments identified in Appendix C.

Excluded from this unit is the total administrative staff, including those holding positions/assignments with management or support services.

Positions within the Faculty Association as of August 31, 2007, shall remain in the Faculty Association.

2. The College and the Association agree to discuss the placement of any new positions/assignments. Those created during the life of the Agreement will be added to the unit provided the majority of responsibilities are similar to work performed by classroom faculty, counselors, librarians, program directors, department heads, or any positions/assignments identified in Appendix C.

The College will notify, in writing, the chief negotiator and all officers of the Association of all job openings at the College. The Association will then notify the College in writing of which positions/assignments the Association wishes to discuss. Written notification includes via email.

This process does not limit remedies provided by the appropriate labor relations board.

3. Positions shall include any assignments of bargaining unit responsibilities.
B. OTHER ORGANIZATIONS

The Board agrees not to negotiate with any other labor representative concerning salary, hours, or working conditions for the duration of the Agreement with respect to faculty members included in the bargaining unit. Nothing contained herein, however, shall be construed to prevent any individual faculty member from presenting a grievance and having the grievance adjusted without intervention from the Association, if the adjustment is not inconsistent with the terms of this Agreement, and provided that the Association has been given an opportunity to be present at such adjustment.

C. INDIVIDUAL NEGOTIATIONS

The College shall not negotiate with an individual or individuals with respect to the hours, terms, wages, and/or conditions of employment.

D. ASSOCIATION SECURITY

1. All faculty members in the bargaining unit shall either become and remain members in good standing of the Association or pay the Association a financial responsibility fee in an amount equal to the regular professional dues of the Association.

2. The College will deduct professional dues or the financial responsibility fee by payroll deduction from the salary of all faculty members.

3. All financial responsibility fees deducted monthly by the College shall be remitted as soon as practicable to the Association.

4. In the event a faculty member shall not pay the financial responsibility fee or regular professional dues directly to the Association or payment through payroll deductions, the College shall take steps to cause the termination of such faculty member in the manner provided below. The parties expressly recognize that failure of any faculty member to comply with the provision of this Article is just and reasonable cause for discharge from employment since the establishment of said financial responsibility fee is herewith deemed to be the sum required to ensure that non-members pay their proportionate share of the cost of obtaining and administering the benefits to be received hereunder.

5. The procedure to be followed in cases of discharge for violation of this Association Security Provision shall be as follows:
   a. The Association shall notify the faculty member of non-compliance therewith by certified mail (return receipt requested) or by personal service with proof of service. Said notice shall detail the non-compliance and shall provide ten (10) days for compliance and shall further advise such faculty member that a request for discharge may be filed with the College in the event that compliance is not effected.
   b. If the faculty member fails to comply, the Association may file charges, in writing, with the College and may request termination of the faculty member’s employment. A copy of the notice of non-compliance and proof of service shall be attached to said charges.
   c. The College or its designee, upon receipt of said charge and request for termination, shall conduct a hearing (see Article X.E). In the event of compliance at any time prior to discharge, charges shall be withdrawn. The Association, in the processing of charges, agrees not to discriminate between, or among various persons who may have refused to pay the professional dues and/or financial responsibility fees.
d. The employment of any faculty member whose employment is terminated shall be continued in normal function until the end of the semester following dismissal action by the College or designee.

6. In the event the College, acting on the request of the Association, discharges or attempts to discharge a faculty member for failure to comply with these provisions, the Association agrees to indemnify and hold the College harmless from any and all damages and judgment which may result from such action except for loss which may be caused by the College’s negligence.

E. BOARD AGENDA

On the dates of the Board’s official meetings, a copy of the Agenda with all normal attachments shall be provided for the Association before such meetings. A copy of the approved minutes of Board meetings shall be provided to the Association within ten (10) days after the date the minutes were approved. Agendas and minutes shall be sent to each officer of the Association as well as each member of its negotiating team and to its grievance chair. The Association, upon request, shall have the opportunity for presentations at all regular Board meetings.

F. FACULTY ASSOCIATION RELEASE TIME

The Faculty Association President shall receive, at his or her written request, up to fifteen (15) contact hours of release time per semester to be assigned at his or her discretion.

The Association agrees that such release will only be taken if an appropriate replacement is available to cover the work of the affected faculty member. The Association President shall supply the Administration with the name(s) of such faculty prior to the overload selection for the affected semester.

The Association shall reimburse the College at the appropriate overload rate used to compensate the replacement faculty. This reimbursement shall include appropriate FICA and retirement costs.

The assignment of these hours shall not result in a faculty member being on full release time without consent of the Provost.
ARTICLE 3 - FACULTY MEMBERS’ RIGHTS

A. RIGHT TO ORGANIZE

Each faculty member shall have the right freely to organize, join, and support the Association for the purpose of engaging in collective bargaining and other lawful activities for mutual aid and protection. The College will not discriminate against any faculty member or faculty members with respect to hours, wages, or any terms or conditions of employment by reason of membership in the Association, participation in any lawful activities of the Association, or institution of any grievance, complaint, or proceeding under this Agreement with respect to any term or condition of employment.

B. MEMBER DEFINITIONS

As used in this agreement, “full-time,” “part-time,” “adjunct,” and “temporary full-time” faculty are defined as follows:

- **Full-time**: Full-time salaried faculty members are those who are appointed to or employed for continuing employment at the normal workload. (See Article 6.B.) Full-time hourly faculty members are those who are appointed to or employed for at least 32.5 hours per week.
- **Temporary Full-time**: Temporary full-time faculty members are those who are employed at a normal workload for a specified time period but not on a continuing basis.
- **Adjunct**: Adjunct are those salaried faculty members who are employed at less than a normal workload regardless of the duration of employment.
- **Part-time**: Part-time hourly faculty members are those who work less than 32.5 hours per week.

C. BUILDINGS AND EQUIPMENT

At reasonable times and hours, the Association shall have the right to use College building facilities for Association meetings when such buildings are open and operating staff is on duty. At reasonable times, the Association may also use office equipment, but not supplies. The Association may post proper Association notices and may use the College’s inter-college mail system and other electronic methods. The College shall lease office space to the Association at a rate agreed to by the College and the Association at such time the College deems space is available.

D. RECORDS

The College agrees to furnish to the Association, in response to reasonable requests, all available information in the form maintained by the College for public use concerning the financial resources of the College, which may assist the Association in developing proposals and in processing any grievance or complaint.

E. PROBATION AND TENURE

Any person hired as a full-time faculty member will be appointed on a probationary basis for four (4) years. A faculty member is eligible to apply for tenure after completing three full years of qualifying full time service at GRCC. This is defined as a minimum of six full semesters in three academic years. Application for tenure is not optional. A faculty member undergoes the tenure review process in his/her fourth year of employment, and tenure is granted or denied at the end of the fourth year of employment.
A faculty member who is not awarded tenure will be terminated at the completion of the academic year during which tenure was considered (year four). Tenure decisions are final and are not subject to an appeal or grievance process.

F. TEMPORARY CONTRACTS

Contracts shall be issued to temporary full-time faculty.

1. Temporary contracts shall include a termination date.

2. During their contract period, faculty members with temporary contracts shall be entitled to the same rights and benefits as other full-time members.

3. A faculty member with a full-time temporary contract for four consecutive (academic year) semesters shall be offered a regular full-time contract beginning the following semester. The faculty member shall be given a third and fourth year of probation as set forth in Article 17. Summer semester assignments are not counted for this section.

4. Job Training and Training Solutions Faculty members may be employed continuously with a normal workload for up to two consecutive years in a full-time temporary position. If a faculty member is offered continued employment beyond two consecutive years, the faculty member shall be offered a regular faculty contract.

5. Exceptions to three (3) and four (4) may be mutually agreed upon.

6. Full-time employment during the winter semester and the following fall semester shall be considered continuous employment. These faculty members shall be entitled to the same rights and benefits as other full-time members including seniority, tenure, salary increases, and benefits.

G. ASSOCIATION-ADMINISTRATION MEETINGS

Members of the bargaining unit who by arrangement between Association and College administration participate during working hours in conferences and meetings with the College or its representatives that involve or derive from this collective bargaining agreement shall suffer thereby no loss in pay.

H. FACULTY COMMUNICATIONS WITH THE PUBLIC

The College shall not exercise control of the activities of faculty members except within their assignments. When the faculty member speaks or writes as a citizen, he/she shall be free from administrative and institutional censorship and discipline. The faculty member bears a responsibility to clarify the fact that he/she speaks as an individual and not on behalf of the institution.

I. ACADEMIC FREEDOM

Faculty members are entitled to freedom in the discussion of their subject, but they should not introduce into their teaching controversial matter which has no relation to their subject. Faculty members must also recognize that students are free to take reasoned exception to the data or views offered and to reserve judgment about matters of opinion. The presence of any communication device during the meeting of a class shall be subject to the faculty member’s permission. The only exception is for students who need reasonable accommodations in accordance with the Americans with Disabilities Act and similar laws. The exception is granted if the College and the student sign a statement acknowledging the faculty member’s ownership of the classroom presentations/materials, and the student agrees to limit the use of communication devices to satisfy his/her learning needs.
J. NOTIFICATION OF DISCIPLINARY CONFERENCE

Faculty member(s) called by the administration to a disciplinary conference shall be notified of the purpose of the conference at the time he/she is summoned. Faculty member(s) summoned and/or the administrator may each have up to two additional people present at the conference.

A faculty member may request a meeting with a representative of the College without the Faculty Association representative present. If a faculty member informs the Executive Director of Human Resources, or any Vice President or Dean that the meeting involves the faculty member’s discipline or resignation, the College will advise the faculty member of his/her right to Faculty Association representation and the College, as soon as practical, will notify the Faculty Association of the faculty member’s request for the meeting, as well as the date, time, and place of the meeting. If the faculty member requests that the meeting take place immediately, the College will notify the Faculty Association as soon as practical after the meeting.

K. DEPARTMENT HEAD

When the administration determines that a Department Head is necessary to coordinate any program or subject area, the faculty may elect a tenured full-time faculty member from within the department. If tenured full-time faculty members within the department are not nominated to fill the vacancy, the faculty may nominate any other faculty member. A Department Head must be a faculty member.

The Department Head assignment will be for a two (2) year term, with additional two (2) year appointments possible if re-elected. Department Head elections will be held before the end of April and before overload selection. The person elected will assume responsibility at the beginning of summer semester.

Vacancies which occur mid-term for any reason will follow this process as soon as practical. The person elected shall serve the remaining portion of the academic year, plus an additional year.

This procedure will be followed to fill all Department Head assignments:

1. The nominating committee, consisting of the faculty council representative and the Associate Dean or Dean, will conduct the election. If the faculty council representative is a nominee, the Faculty Association President, or designee, shall serve as the faculty representative.

2. The Associate Dean will notify all full-time faculty members of a department of the Department Head vacancy at least thirty (30) days before the election.

3. Candidates may nominate themselves or be nominated by other full-time faculty members within the department. The nominee’s name and a statement of credentials shall be submitted, in writing, to the Associate Dean (email or mail) at least twenty (20) days before the election.

4. The nominating committee will review the list of candidates and come to consensus on a slate of candidates for the ballot. Typically, candidates will be chosen on the basis of their abilities as teachers, their experiences in their disciplines, and their leadership capabilities. If consensus cannot be reached, the committee will request additional candidates.

5. A ballot will be sent to all full-time faculty members in the department at least five (5) days before the election. The nominating committee will process the returned ballots and validate the election results.

6. The faculty member receiving a simple majority (greater than 50%) vote of the full-time faculty members (including temporary full-time faculty) within the department will receive the Department Head assignment. If no candidate receives a simple majority, then the nominating committee must reconsider the slate of candidates and conduct a new election as soon as practical.
7. The Associate Dean will send a confirmation notice to the Department Head with copies to the faculty members in the department, the President of the Faculty Association, Provost, Dean, and Executive Director of Human Resources.

L. PROGRAM DIRECTORS

A program director must be a faculty member. A program director is appointed by administration.
ARTICLE 4 - BOARD OF TRUSTEES RIGHTS

A. RESPONSIBILITIES

The Association agrees that the Board is legally responsible for the operation of the College. No action by the Board or the administrative staff shall violate the expressed terms of this agreement.

B. AUTHORITY

The Board hereby retains and reserves unto itself, without limitations, all powers, rights, authority, duties, and responsibilities conferred upon and vested in it by the laws and the Constitutions of the State of Michigan and the United States.

C. POLICIES AND PROCEDURES

Terms and conditions of employment and other policies and procedures presently in effect concerning faculty conduct not provided for in this Agreement will be governed by the applicable Board policies and procedures.

D. ADMINISTRATIVE STAFF

The Board discharges its managerial rights and authority via the administrative staff. The Board’s rights and responsibilities include, without being limited to, the establishment of education policies; the construction, acquisition, and maintenance of buildings and equipment; the hiring, transfer, assignment, supervision, discipline, promotion, evaluation, and termination of faculty. The administrative staff, on behalf of the board, shall be free to exercise all of its managerial rights and authority to the extent permitted by law. The Board, prior to the effective date of any change in the policies and procedures which directly affect faculty members, shall give the Association reasonable notice (45 days) of such change. Within forty-five (45) days of receipt and upon request by the Association, the parties will negotiate the impacts and effects of these policies and procedures as required by law.

ARTICLE 5 - ASSOCIATION-ADMINISTRATION COMMUNICATION

The parties recognize the valuable assistance to be gained from effective communication between the Association and the College. Accordingly, the College and Association representatives will meet periodically to discuss problems of mutual concern. The Presidents of the College and the Association, or their designees, will call such meetings whenever either desires.

Whenever questions arise that the contract does not specifically address, the Presidents of the College and the Association or their designees will discuss the matter and reach agreement.
ARTICLE 6 - GENERAL WORKING CONDITIONS

A. CALENDARS

Calendars can be found in Appendix A.

The normal workday for full-time faculty shall be between 8:00 a.m. and 5:00 p.m. Monday through Friday.

The span of class/work times on any normal workday shall not exceed seven (7) consecutive hours. Exceptions to workday and class/work times may be made with the permission of the faculty member.

Exceptions to the normal workday schedule include: Preschool, Culinary Arts (for Heritage Restaurant), Health (for Clinicals), Job Training (7:00 a.m. - 3:30 p.m.), Training Solutions, Technology Academic Area (for low enrollment in day classes), (see Appendix D - Departments/Programs and Academic Areas), and classes with times listed as “arranged” in the class schedule. The exceptions to the normal workday are best made in a cooperative effort between the Faculty and the Administration.

Classes which end prior to 5:00 p.m. are day classes. Classes meeting Monday through Thursday and ending 5:00 p.m. or later are evening (or night) classes. Classes meeting Friday and ending 5:00 p.m. or later, or anytime on Saturday or Sunday, are weekend classes. All classes outside of the Academic year are summer semester classes.

B. WORKLOADS

1. “Normal workload” is defined as the aggregate of the number of hours assigned a faculty member within a given academic work year.

The normal workloads for full-time faculty members are

a. Classroom faculty members with thirty-two (32) week contracts - fifteen (15) contact hours per semester for a total of thirty (30) contact hours, or equivalent, per academic year. Assignment of 12 hours in a semester of composition classes will constitute a full load. Current composition courses are BA 101, and 102; EN 097, 098, 100, 101, 102, 243, 244, 246, 247, and 248; and JR 251 and 252.

b. Classroom faculty members with 40-week contracts - thirty seven (37) contact hours comprised of fifteen contact hours per academic year semester and seven contact hours in the first summer session or its equivalent. Composition faculty members shall teach 30 contact hours comprised of 12 contact hours per academic year semester and 6 contact hours in the first summer session or its equivalent. If either a faculty member or the administration requests a deviation from this schedule, the faculty member and the administrator must mutually agree to the revised work schedule.

c. Non-classroom faculty (librarians and counselors) with thirty four (34) week contracts--35 hours per week, or its equivalent in the academic year. (See Appendix A.)

d. Non-classroom faculty with 42-week contracts shall work 35 hours per week for the 34 weeks during the academic year plus the first summer session, or its equivalent. If either a faculty member or the administration requests a deviation from this schedule, the faculty member and the administrator must mutually agree to the revised work schedule.
e. Fifty-two week counselors shall work forty (40) hours per week and follow the Job Training/Training Solutions Calendar. (See Appendix A.) These positions will be offered to counselors in order of seniority.

f. Job Training and Training Solutions faculty members will have a normal workload of forty (40) hours per week. Half-time Training Solutions faculty members will have a normal workload of twenty (20) hours per week.

g. Preschool lab faculty members will have a normal workload of forty (40) hours per week.

1. One preschool lab instructor, assigned the infant lab responsibilities, will have a 52-week contract that will be offered to qualified lab instructors and will be based on seniority.

2. All other preschool lab instructors will have 41-week contracts that include the academic year and one summer session.

3. The lab preschool director and the child development program director will determine the number of summer session openings based on enrollment of children and child development students for each session.

4. Lab instructors will select their summer session(s) by seniority as defined by Article 6.G.

h. For the faculty member who assumes the responsibilities of athletic director, the normal workload will be 18 contact hours per academic year or its equivalent. If two or more persons share the responsibilities, the normal workload shall be adjusted proportionately.

2. Before any provisions of Article 6.G are implemented, faculty members will have the opportunity to receive a normal workload. If a normal workload is not available in a faculty member’s department/academic area, the College may complete that full-time faculty member’s normal workload in other departments/academic areas.

In the event full-time faculty members are given additional class assignments to complete a normal workload, the College shall pay overload when such assignment exceeds the normal workload.

The assignment of a given number of hours in one (1) semester shall not be construed to be a necessary determinant for assignment of hours in a subsequent semester.

3. To support the primary responsibility of teaching, the full-time faculty role also includes college service, student service, professional development, and pertinent curriculum development. Responsibilities include instructional preparation, accurate recordkeeping, evaluation of student performance, maintenance of posted office hours (6.F.1), and academic advising. The way these responsibilities may be fulfilled will vary depending on each faculty member’s respective assignment. Faculty members shall determine how they can best serve their department and the College in these faculty roles.

C. CONDITIONS

1. The general working conditions that are not otherwise addressed in this agreement shall be maintained as in effect at the time of the signing of this agreement except where improvements are provided by the College. Alleged violation(s) of this section shall be pursued under the Type A grievance procedure only.

2. The College shall assign each faculty member to a department. A faculty member’s assigned department will be the department where the majority of his/her normal load is assigned. The department head/program director shall, except for Training Solutions and Job Training,
recommend at his/her option the normal workload with final approval of the Dean. A
department head/program director must be a faculty member.

3. The College shall not reassign any faculty member from one department to another without
discussing the proposed reassignment with the faculty member. The faculty member may have
the President of the Association, or a designee, attend the discussion.

4. No faculty member transferred to another position within the bargaining unit shall be
terminated as a result of that position being eliminated. Such transferred faculty member shall
retain seniority rights in the previously held bargaining unit position.

5. Internships and Cooperative Education shall be equated at five (5) students per contact hour.
Radiologic Technology clinical coordination shall be equated at four (4) students per contact
hour. Each faculty member teaching cooperative education shall conduct a minimum of two
(2) verified on-site visits per student per course and one (1) evaluative meeting with the
supervisor and the individual student near the end of the course. Exceptions shall be granted
when visitations are out of the Grand Rapids area or for unusual scheduling circumstances.

6. The College shall not assign a faculty member, other than Training Solutions faculty, more than
one (1) day teaching assignment at a location other than his/her own primary work site without
the faculty member’s approval.

7. Any faculty member whose load equals a full-time semester load shall be compensated and
shall receive fringe benefits equivalent to those received by a full-time faculty member for that
period of time and at the appropriate rate. Should this occur for four consecutive (academic
year) semesters, a full-time regular contract shall be offered the following semester. The faculty
member shall be given a third and fourth year of probation as set forth in Article 17.

Summer semester assignments are not counted for this section.

8. Course Development

When full-time faculty members submit new course offerings upon their own initiative, they
will not be remunerated for the effort of writing the courses. However, they have a right of first
refusal for the assignment to teach three (3) day sections of the new course(s) they have
developed. If the class/es is/are being offered as overload, the faculty member who developed
the course must make the course his/her first and second selection, or he/she forfeits the right of
first refusal for that semester. This section supersedes level one in overload selection. Non-
classroom faculty members have a right of first refusal for the teaching assignment(s) outside
their normal work hours.

If a dean requests full-time faculty members to develop a specific new course to serve a specific
purpose (e.g., a course required as part of a new program), they will be remunerated for such
work at the appropriate rate in Appendix B-22, but may not necessarily have a right of first
refusal to teach the course. The faculty member and the dean will agree to the approximate
number of hours needed before the start of the work.

If a dean requests adjunct faculty members to develop a specific new course to serve a specific
purpose (e.g., a course required as part of a new program), they will be remunerated for such
work at the appropriate rate in Appendix B-22. If rehired, the adjunct faculty member will have
first right of refusal on courses he/she developed for up to three years before the class has to be
revised. The faculty member and the dean will agree to the approximate number of hours
needed before the start of the work.

Training Solutions faculty shall have course development as part of their normal workload.
9. Normal course revisions take approximately four (4) hours and are done every three (3) years. If a dean requests faculty members to revise course outlines in a manner different than the normal course revision process, they will be remunerated at the appropriate rate in Appendix B-22.

The faculty member and the dean will agree to the approximate number of hours of compensation (if more than 4) before the start of the work.

Training Solutions faculty shall have course revision as part of their normal workload.

10. Challenge Examination Development, Proctoring, & Grading

The appropriate instructional dean shall authorize the development of challenge examinations. Requests for such authorization should be sent to that dean.

Faculty members will be compensated at the appropriate rate in appendix B-22 up to a maximum of 15 hours for the development of a new challenge examination and appropriate supplemental materials for each course.

All revisions of these testing materials will be initiated and monitored by the appropriate academic dean. It is suggested that the tests should have longevity of three years. These testing materials will be assessed for needed revisions by the dean. In those cases where revision is necessary, payment to the faculty member for needed changes shall be computed at the appropriate rate in appendix B-22, up to a maximum of 15 hours per course.

The faculty member and the dean will agree to the approximate number of hours needed, prior to the start of the work.

Compensation for proctoring and grading challenge examinations can be found in Appendix B-22.

D. SENIORITY

1. Seniority begins from the individual’s most recent appointment date to full-time service at the College (GRJC/GRCC) as a member of the Association. In instances where the faculty member has been continuously employed as a member of the Association under a full-time temporary contract immediately before a regular full-time appointment, seniority begins with the starting date of the continuous full-time temporary employment. (See Article 3.F.6.)

2. Department or academic area seniority shall begin with the date of assignment to a department or academic area or the date of commencement of full-time work as a faculty member, which ever date is later. Such seniority shall prevail in all questions concerning order of selection of overload assignments consistent with the provisions of Article 6 G. Department or academic area seniority is used to determine the order of layoff within a department or academic area.

3. Ties will be broken first by date of written acceptance of employment to a full-time position represented by the Association and second, if necessary, by blind draw. This does not supersede ties broken by prior agreement.

4. A faculty member who is transferred to a different department or academic area at the request of the College shall carry his/her department or academic area seniority into the new department or academic area. A faculty member who requests and is granted a transfer will use his/her start date in his/her new department or Academic Area as his/her department or academic area seniority date.

5. Human Resources will prepare a master seniority list indicating length of continuous full-time service at Grand Rapids Junior/Community College and issue the list to the Faculty Association President no later than 60 days after the beginning of the academic year.
6. Full-time faculty temporarily assigned to full time administrative or support duties shall not be credited with Grand Rapids Community College faculty seniority for that time. This provision shall apply to temporary assignments beginning August 23, 1984.

7. Any Grand Rapids Community College administrator returning to the classroom as a full-time faculty member will receive credit toward seniority equal to the number of years served as a full-time faculty member at Grand Rapids Junior/Community College.

8. Sabbatical leaves shall be credited toward seniority.

9. Faculty members required to attend or participate in military service obligations, other than weekly or monthly drill sessions because of membership in Reserve Units, shall be credited that time of service toward seniority.

E. STUDENTS AND RECORDS

1. Faculty members shall not allow unauthorized persons in their classes for more than one (1) class session. Unauthorized persons are those who have no evidence of having paid their tuition.

2. Faculty members shall not cancel a class without prior approval of the appropriate academic dean or designee.

3. Each faculty member shall maintain records of individual students for seven (7) years. A faculty member, upon separation of employment, shall leave the records with his/her academic dean. Faculty members will be supplied with appropriate grading and record materials on a timely basis. Faculty will have at least one week’s notice before submitting the records.

4. Final grades for 14-week classes must be submitted to the Student Record’s Office by the due date identified in the faculty calendar. This due date will be at least 72 hours (excluding weekend days and holidays) from the end of the last scheduled final exam for that semester.

5. For all classes ending prior to the normal 14-week semester (e.g., 7, 10, and 12-week classes), grades must be submitted to the Student Record’s Office within 72 hours (excluding weekend days and holidays) from the scheduled end date of that class.

6. Training Solutions faculty shall submit end of course paper work within 72 hours (3 work days) of the completion of the course.

F. OFFICE HOURS / MEETINGS FOR FULL-TIME FACULTY

1. Classroom faculty shall be on campus a minimum of five (5) office hours per week for student consultation in addition to their normal teaching load. Faculty members shall schedule hours where appropriate in both a.m. and p.m. modules in locations accessible to their students.

So as to best serve the students, faculty members will schedule, post, and adhere to office hours in units of no less than 30 minutes. Faculty members shall submit their schedules to their academic dean upon his/her request. If the faculty member will not be in his/her scheduled location during these hours, he/she must post the new location in a reasonable manner and place.

2. The faculty member shall also be available additional times for participation in meetings related to his/her assignment as scheduled by his/her deans or department heads/program directors. Regular attendance at these meetings is important to fulfilling the role of a faculty member.
3. Training Solutions faculty shall schedule office hours by mutual agreement between the faculty member and the executive director or designee for a rolling thirty day period.

4. Faculty shall attend commencement.

G. OVERLOAD

Overload is work not assigned as part of the normal workload. Overload shall be assigned to faculty members in the following manner.

1. A faculty member must be qualified for an overload assignment. Qualifications may include but are not limited to the following: study within the academic discipline, related work experience, academic achievements related to the overload assignments, and credentials similar to those held by individuals who have taught the same course in the past.

2. The dean may limit overload of a faculty member based on and using the following conditions and the process:
   a. Conditions
      (1) Probationary faculty may be limited to one overload selection per semester during their first year.
      (2) Teaching performance, including:
         (a) Allowing persons who have not paid tuition for the class to attend more than one class session.
         (b) Failure to turn in grades on time.
         (c) Failure to meet classes during the time scheduled and for the appropriate length of time as stated on the faculty member’s faculty information form.
         (d) Failure to complete an assignment. This shall not apply to faculty who are unable to complete the assignment due to sick leave or other justifiable reasons.
         (e) Failure to meet Satisfactory Standards of Employment for two consecutive years.
   b. Process
      If the faculty member has demonstrated poor teaching performance, the following process will occur:
      (1) The faculty member will be given a written warning by his/her dean documenting the unsatisfactory performance and stating that improvements must be made. If improvements are not made the dean may take corrective action. The faculty member must receive this warning within 30 days from the end of the semester in which the poor performance occurred. The warning remains in effect for two years from the semester to which the warning relates. The faculty member and the dean shall develop a faculty improvement plan.
      (2) Upon a second similar infraction the dean may limit the overload of a faculty member in the following manner. The dean must notify the faculty member, in writing, documenting the unsatisfactory performance. Overload limitations must relate to the infraction, and the limit may take the following forms:
         (a) limitation of the number of contact hours
         (b) limitation of the number of different course preparations
         (c) limitation of the total number of students
         (d) restriction of courses allowed for selection
         (e) other restrictions as agreed to by the affected faculty member and dean
The dean shall monitor progress made on the improvement plan and may limit overload if any unsatisfactory teacher performance continues.

3. Whenever possible, all overload opportunities must be offered and equitably shared among all full-time faculty members, subject to the limitations of Article 6.G.2. Classes assigned as part of a longer term adjunct contract shall not be available for overload selection (see the attached Longer Term Adjunct MOU).

4. Classes shall be offered to qualified personnel by rotation according to their seniority. The overload will be offered to personnel in the following order. When all faculty have acquired their maximum overload hours or rejected assignments, the process moves on to the next level.

   Level 1 Full-time faculty members within a department or academic area who have taught a course as part of their normal workload within the previous five (5) years may select such courses. Any faculty members with two or more pre-assigned hours (or equated hours) beyond their normal workload shall have these hours replace their first rotation selection. Faculty members may select up to eight (8) hours at this level. The selection process does not move to level two until each level one faculty member has selected eight (8) hours or has passed. A faculty member is assumed to have passed when there are no level one classes available for selection which would still be within his/her eight (8) hour limit.

   Level 2 Other qualified full-time faculty within the department or academic area

   Level 3 Other qualified full-time faculty members and half-time Training Solutions faculty, at the discretion of management, retired faculty members. (It is the faculty member’s responsibility to submit in writing their desire to teach in another department. This request should be sent to the dean responsible for the department in which they desire to teach.)

   Level 4 Returning part-time/adjunct faculty and, at the discretion of the Association President, qualified administrative staff.

   Level 5 Other qualified personnel.

5. Examples of pre-assigned hours are summer (fall/winter) academic advising, grant projects that provide stipends, non-academic assignments where stipends are paid, and projects, assignments, etc., where stipends are granted. Hours that are excluded: curriculum development and course development, non-instruction work (e.g., equipment/lab maintenance) paid at the 2% rate. If pre-assigned hours are not revealed at the beginning of the overload selection for one semester (summer, fall, and winter), then the faculty member shall forego his/her first rotation selection for the following semester.

6. Administrative personnel who are assigned a class are excluded from the bargaining unit, do not accrue seniority or longevity, and do not pay dues. They are required to pay the responsibility fee.

8. New class sections which open after final overload selection has occurred shall be offered to qualified full-time faculty within the department or academic area in the order of the lowest amount of overload selected.

9. During the academic year, a faculty member may select up to twelve (12) hours of overload per semester. To avoid the splitting of classes, a faculty member may exceed this limit by no more
than one contact hour. Classes will be split between faculty members only with the approval of the appropriate dean.

10. During the academic year, an adjunct faculty member may be assigned up to twelve (12) contact hours per semester. To avoid the splitting of classes, an adjunct faculty member may exceed this limit by no more than one contact hour.

11. During the summer semester, overload for all faculty members shall be limited to twenty-six (26) contact hours.

12. Equated hours:

   a. All compensation except for substitute pay and travel time pay shall be equated to contact hours and shall count toward the hour limits of Article 6.G.9 through 11. These hours shall be called “equated hours.”

   b. The number of equated hours for a faculty member shall be determined by dividing the dollar amount of the compensation described in Article 6.G.12.a by the current Master’s overload rate found in Appendix B-20. Compensation which totals more than \( \frac{1}{2} \) of the Master’s overload rate per semester will count toward an equated hour.

   c. Any faculty member with two or more pre-assigned or equated hours beyond his/her normal workload who wishes to retain his/her first rotation overload selection may request from his/her Dean a reduction of his or her normal work load assignment by a maximum of three (3) contact hours. The Dean may grant the request; at which time, the equated hours will be applied to the normal load. The faculty member must select additional classes during overload selection to make up the requested reduction in the faculty member’s normal work load.

   d. Any faculty member making the request described in the preceding provision (i.e., Article 6.G.12.c) must make the request before overload selection begins.

   e. Any faculty member may elect that one hour of compensation for his or her summer equated hours be paid before the end of the winter semester. This election must be made in writing by April 30.

13. Training Solutions work is not subject to the overload selection process.

H. DISTANCE LEARNING

1. Distance Learning – Courses wherein the student and the faculty member are separated by time and/or space, generally delivered via some form of technology. Categories of distance learning course options include:

   a. Interactive Television (I-TV) – A course delivered in real-time over two-way interactive television to one or more sites

   b. Hybrid – An online course that includes scheduled classroom instruction (Scheduled classroom instruction shall not exceed fifty percent of the contact hours for the course.)

   c. Online – A course delivered via the web using the College’s designated course management system
2. I-TV Course Instruction
   a. The maximum number of sites for 2-way video/audio is four (4), which includes the broadcast site.
   b. The maximum number of students allowed per section is thirty (30).
   c. If the administration requests a faculty member to overload an I-TV class and the faculty member accepts, the formula to determine the rate of pay for the additional student(s) shall be as follows:
      \[
      \frac{1}{15} \times \text{# of students} \times \text{# of contact hours for the class} \times \text{the overload rate}
      \]
   d. In the event there is no courier service, travel time pay and mileage reimbursement shall be paid regardless of the assignment of the class as normal load or overload. (Refer to Article 7.E.)

3. On-line Course Instruction
   a. The enrollment for on-line classes will be no greater than twenty-three (23) students per section.
   b. If the administration requests a faculty member to overload an online class and the faculty member accepts, the formula to determine the rate of pay for the additional student(s) shall be as follows:
      \[
      \frac{1}{15} \times \text{# of students} \times \text{# of contact hours for the class} \times \text{the overload rate}
      \]

4. Hybrid Course Instruction
   a. The enrollment for hybrid classes will be no greater than twenty-three (23) students per section.
   b. If the administration requests a faculty member to overload a hybrid class and the faculty member accepts, the formula to determine the rate of pay for the additional student(s) shall be as follows:
      \[
      \frac{1}{15} \times \text{# of students} \times \text{# of contact hours for the class} \times \text{the overload rate}
      \]

5. Qualifications for I-TV, Online, and Hybrid Instruction
   Faculty members must be qualified to teach with the appropriate technology before they are assigned or select I-TV, online or hybrid courses. The College shall provide training opportunities to faculty members wanting to teach a class using these delivery systems. The qualifications for teaching these courses may be met by completing the College’s distance learning training. Faculty members may choose to receive training through other means. To teach a specific online course, faculty members shall have demonstrated skill sets necessary to meet the objectives and learning strategies in the online master course.

6. Creation of New Online and Hybrid Courses
   A faculty member who wants to create a new online or hybrid course shall get department approval before submitting his/her request to Deans’ Council. Deans’ Council shall make final approval of online and hybrid course offerings.
7. Existing Online and Hybrid Courses

The College administration will determine which existing online and hybrid courses it would like to have created in their entirety for compensation. Department heads will recommend faculty members to create the courses. If administration does not approve the recommended faculty, department heads will continue to put forward recommended faculty until the administration approves a faculty member to create the course.

8. Compensation for Online and Hybrid Courses

The College shall provide compensation for the creation of a new online course. The College shall also provide compensation for the creation of a complete college-owned course from an already developed online course. Compensation will be paid at the time the course is completed and deemed acceptable. The compensation will be as follows:

a. Online/Hybrid
   Online Course Creation – Compensation equals the course development hourly rate (Appendix B-22) times fifteen (15) times the number of credit hours of the course.

b. I-TV
   A faculty member shall be compensated one (1) additional contact hour for the first time he/she teaches a particular course in the I-TV format.

I. INTELLECTUAL PROPERTY AND RESIDUAL RIGHTS

The Board recognizes the traditional rights of a faculty member to maintain full ownership of and benefits from any works produced on his/her own unless the College compensates the faculty member for such development or College resources are used. Such work includes, but is not limited to, literary, musical, or artistic compositions; inventions; processes created or materials authored.

If a faculty member uses College resources, the faculty member and Provost, or designees, shall mutually agree to the management of intellectual property and allocation of residual rights.

College resources (for the purposes of this article) shall not include the use of the College library, office space, or College owned computer therein.

It is understood that a faculty member’s lesson plans and materials created in support of those lesson plans (such as, but not limited to, class notes, handouts, presentations, and tests) are the property of the faculty member. A faculty member compensated for the creation of an online course template shall not retain ownership of the template.

When the College compensates a faculty member for the creation of a new online or hybrid course, or for the creation of a complete course from an existing online or hybrid template, the College shall retain ownership of the course materials that were developed up the point the online or hybrid course is deemed to be complete and acceptable by the Associate Dean of Instructional Support and Interdisciplinary Studies following the recommendation of the Online Course Review Committee.

E. TRAVEL TIME PAY AND MILEAGE REIMBURSEMENT

1. A faculty member teaching an off campus class shall be reimbursed the exact cost of parking at such off-campus class upon submission of receipts for such parking costs. Mileage reimbursement shall be made according to the IRS rate and shall apply to travel beyond a faculty member’s normal commute. It shall be measured from the faculty member’s home to the work site and shall not exceed the mileage from the downtown campus to the work site. If a faculty member teaching an off campus class as part of his/her normal work load elects not to use his/her personal automobile, he/she shall be provided with a College car if one is available.

travel time from the downtown campus to the work site. The faculty member will receive
written verification of the amount of travel time per trip. The dean shall notify any faculty

(the day that grades are due). Mileage reimbursement forms shall be available through
Financial Services and returned to Financial Services.

5. If a faculty member agrees to have his/her entire normal work load at a location more than
twenty-five miles from the home campus, he/she will not be eligible for travel time pay or
mileage reimbursement for travel to and from home. However, travel required to and from that
work site to the home campus will be eligible for mileage reimbursement at the IRS rate.

Base salary (see Article 7.G for the definition of base salary) will be paid in approximately equal payments beginning not later than the second Friday in September and every two weeks thereafter. Hourly faculty members shall be paid longevity increments as a lump sum payment the first date in December. A thirty-two (32) or thirty-four (34) week faculty member must select to be paid over twenty (20) or twenty-six (26) pay periods. If a selection is not made, twenty-six (26) pays will occur. A faculty member with a longer contract will be paid over twenty-six (26) pays. This selection will remain in place for subsequent years until changed by the faculty member. Any changes must be made by August 1st. Faculty members hired during the year will have their base salary spread evenly over the remaining pay periods.

Overload compensation shall be distributed throughout the normal paydays in the semester, beginning not later than the third (3rd) pay period after the teaching begins. In the event a normal workload may not be available winter semester, a faculty member may elect to defer payment for fall overload until winter semester.

Pay for extracurricular, special projects, part-time/adjunct, overtime and other non-base compensation will be paid during the pay periods in which it is earned.

If a faculty member’s annual load is less than a normal workload, he/she retains his/her full-time status; however, the faculty member’s base salary is reduced as follows:

1. The first two contact hours are reduced at the overload rate.

2. The remaining shortfall is reduced on a pro rata basis.

V. PROFESSIONAL EXPENSES

1. Full-time Faculty Members

Expenses incurred for every full-time faculty member shall be reimbursed in the amount of $600 per fiscal year.

These funds provide support for faculty in their work:

(a) where the expenditure is for the professional development (professional activities, conferences, publications, dues) of the faculty member, or

(b) where the faculty member provides assurance that the expenditure is predominately for college or student benefit, not personal use or convenience. Home internet service will not be reimbursed. Some tangible items may be taxable. Taxable items will be reimbursed through payroll.

The faculty member will be paid actual expenses incurred or an amount totaling the IRS rate per mile driven to and from his/her destination. Claims for such reimbursement shall be made within six (6) months from the time of expenditure. Reimbursement is on the basis of invoices or receipts for room and meals. If the professional conference or meeting is on a scheduled work day, then the faculty member must be on an approved leave to receive reimbursement.

These amounts shall accumulate each fiscal year. If a faculty member submits reimbursement(s) in excess of his/her accumulated amount, the excess amount shall be reimbursed the following fiscal year(s). (No carry-over of allotment of expenses will extend beyond the life of this contract.)

At the end of the contract, if all funds in the department or academic area have not been expended, the balance will be prorated to faculty members who incurred actual expenses above their allotment. If there still remain undisbursed amounts, they shall be retained by the department area to be expended at their faculty’s discretion. Funds are intended to be used for practical purposes for the department consistent with reasonable expenditure of public funds.

2. Adjunct/Part-time Faculty Members (Professional Development Fund)

The College will provide $12,000 annually for professional development for adjunct/part-time faculty. These funds are intended to provide support for adjunct/part-time faculty in their work for the College where the expenditure is for their professional development, including but not limited to professional activities, conferences, publications and professional dues related to their assignment with GRCC. This fund will not be used for reimbursement for tangible items—except with the approval of the Provost. Adjunct/Part-time faculty are encouraged to seek pre-approval for anticipated expenses.

Expenses incurred by adjunct/part-time faculty shall be reimbursed from the fund according to a procedure developed by the Provost. The Provost will attempt to expend the full fund each year; however, any unexpended funds will be carried over to subsequent years. Due to the size of the fund, the Provost is not expected to approve every request for reimbursement nor will every request be fully or partially funded. The availability of this fund does not preclude the administration from approving requests which can be paid from other sources.
The faculty member will be paid actual expenses incurred or an amount totaling the IRS rate per mile driven to and from his/her destination. Claims for such reimbursement shall be made within six (6) months from the time of expenditure. Reimbursement is on the basis of invoices or receipts for room and meals. If the professional conference or meeting is on a scheduled work day, then the faculty member must be on an approved leave to receive reimbursement.

X. RETIREMENT PAY

The College will contribute the required contribution amount for each employee in the Basic Plan. The College will contribute at the same rate for each employee in the Member Investment Plan. This rate is determined annually by MPSERS.

As to eligible faculty members who elect to participate in an Optional Retirement Plan, the College will contribute twelve percent (12%) of W-2 earnings, excluding cash payments in lieu of health insurance, provided that the faculty member also authorizes the deduction and contributes three percent (3%) of W-2 earnings.

Any faculty member who meets the requirement of the Michigan Public Schools Employees Retirement System and has completed at least ten (10) years of service with Grand Rapids Junior College/Community College shall receive upon retirement payment for each day of unused sick leave or per year of service, whichever is the greatest, as per the rates found in Appendix B-26. Prior Grand Rapids Public School service will be recognized for any faculty employed prior to July 1, 1992.

Special Pay Plan: Qualified benefits payable at the time of retirement (including any accumulated vacation, sick time, incentive pay) will be paid through a tax-deferred account established by the College.

When possible, faculty members should attempt to have their jury duty obligations postponed until a time which has minimal effect on their ability to fulfill their assignments.

While assigned to jury duty, the faculty member shall receive his/her normal rate of pay. Payment received from the court for jury duty services (excluding expenses for mileage, parking and/or meals with proper receipts) shall be remitted to Grand Rapids Community College. A personal business leave day is to be used by a faculty member for time off which is required to conduct personal business during work time which cannot be conducted during non-work time.

2. A full-time faculty member may take a maximum of two (2) days per contract year (may be used during summer semester if faculty member has an assignment). 52 week faculty members may take a maximum of three (3) days per contract year. Such leaves shall be taken in increments not less than half of one day. For Full Time faculty members, personal business leave is not deducted from sick leave.

3. Part-time/adjunct faculty members may substitute one personal business leave day in lieu of one sick day, once per semester. Such leave shall not be accumulated. E. SICK LEAVE BANK

Sick Leave Bank Definition

The purpose of this sick leave bank is to alleviate the hardship caused by a condition that forces the employee to exhaust all eligible sick and vacation leave time.

Sick Bank
1. The initial bank will be populated with the unused faculty personal days as of June 30, 2011 (250 days)

2. For all other years of this contract, all unused full time faculty personal days will automatically be added to the Sick Bank at their expiration.

3. In the unlikely event that the sick bank has insufficient days to meet current needs, Human Resources will notify the President of the Association. The Faculty Association President will issue a request to tenured faculty for voluntary donations of personal and/or vacation days. Donation forms will be sent to Human Resources. The process listed in G. Donation of Paid Leave Benefits will be followed.

Eligibility and Limitations

1. Eligible faculty members include all full-time faculty members who have exhausted all paid sick and vacation days and who
   a. Have their own FMLA qualifying condition, or
   b. Are on authorized FMLA leave to provide for the care of an immediate family member.

2. A full-time faculty member may receive a maximum of 60 days per illness per contract year.
G. DONATION OF PAID LEAVE BENEFITS (In the event that the sick bank is inadequate or unavailable)

1. Intent and Purpose: The intent of this provision is to provide an opportunity for pay continuation to bridge a bargaining unit member’s accumulated paid sick leave days and long term disability. This is a voluntary program. Neither the College nor the Faculty Association makes any guarantees that this benefit will be available to all faculty members who apply. No faculty member shall have an expectation that days will be donated.

2. Donation of Days:
   a. Bargaining unit members may donate accumulated sick, vacation, or personal days to a qualifying unit member (“recipient”). Donations are strictly voluntary.
   b. Value of Days Donated:
      1. Sick Days: The first twenty (20) sick days that are used for a recipient’s continuation of pay shall entitle the recipient to one day of pay continuation for each donated sick day. Each donated sick day beyond twenty (20) shall entitle the recipient to one-half (1/2) day continuation of pay (i.e., two (2) donated sick days will entitle the recipient to one day of continuation of pay.)
      2. Vacation and Personal Days: Donated vacation and personal days that are used for a recipient’s continuation of pay shall entitle the recipient to one (1) day of pay continuation for each donated vacation or personal day.
   c. Criteria for Eligibility: Full time and temporary full time bargaining unit members will be eligible to request donation of paid leave benefits under the following conditions:
      a. The employee must present the Human Resources Faculty Generalist with a physician’s written statement that the member is experiencing an illness or injury that is anticipated to require the member to be absent from work for two (2) or more calendar weeks.
      b. Donated days may be used for a bargaining unit member’s own personal illness or injury only.
      c. Donated days may be used only after the member has exhausted all of his/her accumulated personal and sick days.
   d. Administration of Donated Paid Leave benefits:
      a. The unit member shall make a request for donated paid leave benefits to the Faculty Association President or to the Executive Director of Labor Relations.
      b. The Faculty Association President will notify the Executive Director of Labor Relations when a request is received and/or the Executive Director of Labor Relations will notify the Faculty Association President when a request is received. Labor Relations will ensure that the member meets the criteria for eligibility. Upon verification of eligibility, the President of the Faculty Association will make a request to all members of the Association for donated paid leave benefits.
      c. Unit members shall reply to the Faculty Association President or designee, or Labor Relations indicating the number and type (sick, personal or vacation) of days that they wish to donate.
      d. The Faculty Association President or designee shall send a list of donated days to the Director of Payroll and Benefits, listing the date donated, name of the
donating faculty member and the number and type of day(s) donated (sick, personal or vacation) in the order in which the donated days were received.

e. Paid leave days will be allocated to the recipient in the order in which they were received (per the above referenced list).

f. If the recipient does not require all of the donated days, the donated paid leave days will be returned to the donating faculty members. The Director of Payroll and Benefits will notify faculty members if unused donated days are restored to their accumulated leave banks.

g. The Faculty Association agrees to hold the College harmless for any decisions by the Faculty Association and/or its officers, related to the administration of this section that are found to be in violation of any state or federal law or regulation and to indemnify the College if a decision by the Association should result in liability for the College.

H. TIME FOR TIME TRADE

Time for Time Trade occurs when two faculty members exchange instructional obligations in order to ensure that their assigned classes meet during the time scheduled and for the appropriate length of time. Time for Time Trade between full time faculty members must be completed within the same academic year. Time trades involving an adjunct faculty member must be completed within the same semester. Requests for the Associate Dean’s approval are to be made at least one week in advance. Exceptions may be made with the Dean or Associate Dean’s approval.
ARTICLE 10 - GRIEVANCE PROCEDURES

A. DEFINITIONS

1. A grievance is a claim by one (1) or more faculty members or by the Association that there has been a violation or misapplication of any term of this Agreement or of any rules, order or regulation of the College affecting the terms and conditions of employment of faculty members.

2. Types of Grievance

   a. Type A - A claim based upon an event or condition which is not included in this Agreement which affects the welfare or condition of employment may be processed through Level Three but will not be arbitrable.

   b. Type B - A claim based upon a violation or improper application of this Agreement may be processed through Level Four including binding arbitration.

3. If a grievance is to be filed, it must be done at Level One by the aggrieved faculty member or members. If, however, he/she or they desire not to do so, the Association may file that grievance on behalf of such faculty member or members. If any individual grievant desires not to join in signing or processing a grievance, his/her identity shall not be disclosed during the processing of the grievance under this Article nor shall the College be required to take any action, including the payment of back pay, with respect to any such faculty member who declines to sign or file the grievance.

4. Any grievance filed by the Association shall be filed at Level Two within thirty (30) days after any official of the Association has or reasonably should have had knowledge of the occurrence of the event giving rise to the grievance.

5. In the event a “class” (a large group of faculty members are directly affected) grievance is filed, individual signatures may be waived by mutual agreement in writing between representatives of the Association and the College.

B. PURPOSE

1. The purpose of this procedure is to secure, at the lowest possible administrative level, equitable solutions to grievances. Both parties agree these proceedings shall be kept as informal as may be appropriate at any level of the procedure.

2. Nothing contained herein will be construed as limiting the right of any faculty member having a grievance as defined in A.2.a. of this Article to discuss the matter informally with any appropriate member of the administration and having the grievance adjusted without intervention of the Association provided the adjustment is consistent with the terms of this Agreement.

C. PROCEDURE

Since it is important that grievances be processed as rapidly as possible, the number of days indicated at each level shall be considered a maximum and every effort should be made to expedite the process. If appropriate action is not taken by the faculty member within the time limits specified, the grievance will be deemed settled on the basis of the disposition at the preceding level. In the event the administrator fails to take appropriate action within the time limits specified, the grievance is eligible for submission by the aggrieved to the next level of the grievance procedure. The time limits specified may, however, be extended by mutual written agreement between the aggrieved and appropriate College representative at the particular level involved.

Grievances shall be processed as follows:

1. Level One – Informal Dialogue
a. A faculty member shall within ten (10) working days of having knowledge of a grievance, orally discuss the matter with the appropriate College administrator with the objective of resolving the matter informally. If the aggrieved is not satisfied with the disposition from the oral discussion(s) and he/she wishes to further pursue the matter, he/she shall file the grievance in writing to that appropriate administrator. The written grievance must be submitted within five (5) working days following date of oral discussion(s). Copies shall be submitted by the aggrieved to the Assistant to the General Counsel and the Association.

b. The appropriate administrator shall within five (5) working days of the filing date submit a written answer to the aggrieved with copies to the Assistant to the General Counsel and the Association.

2. Level Two – Collaborative Resolution
   a. If the aggrieved is not satisfied with the written disposition following the informal dialogue, he or she may within five (5) working days after receipt of the written answer following Level One file notice thereof to the Assistant to the General Counsel stating the reason for dissatisfaction. The aggrieved and/or his or her association representative will contact the Assistant to the General Counsel to set up a meeting to review the facts giving rise to the grievance.

   b. Within five (5) working days of receipt of such grievance, the Assistant to the General Counsel will meet with the aggrieved to discuss the issue. Association representatives may be present and shall be present at the request of either the Assistant to the General Counsel or the aggrieved. A written answer shall be given within five (5) working days after such meeting. Copies of this answer shall be submitted to the Association.

   c. If the parties are unable to reach a mutually agreeable resolution to the grievance, the College and the Association agree to seek the assistance of a third party neutral in an attempt to reach resolution. The Faculty Association shall notify the Assistant to the General Counsel of their desire to move the grievance to Level Three within 5 working days following the receipt of the Level Two decision.

3. Level Three – Third Party Neutral
   a. This step will involve a review of the facts by a neutral person or persons who will make a non-binding recommendation to the parties for a resolution of the grievance. Any costs associated with the third party neutral will be shared by the Faculty Association and the College. The third party neutral will decide how to gather the facts necessary to make a recommendation to the parties. The parties may agree to take the grievance to an alternative forum including but not limited to Dispute Resolution Center, formal mediation, or other mutually agreed upon neutral parties.

   b. If the Faculty Association is not satisfied with the resolution proposed at this level, the Association shall, within ten (10) working days following the decision of the third party neutral, notify the Assistant to the General Counsel in writing of the request to move the grievance to Level Four, Arbitration.

4. Level Four – Arbitration
   a. An impartial arbitrator shall be promptly selected by the parties to decide the matter. If they cannot agree as to the arbitrator, he/she shall be selected in accordance with the rules and procedures of the American Arbitration Association or the Michigan Employment Relations Commission.

   b. The power of the arbitrator shall be limited to the interpretation or application of the express terms of this Agreement, and he/she shall have no power to alter, add to or subtract from the terms of this Agreement as written. The decision of the arbitrator shall be final and binding on all parties.
c. Issues, witnesses and documents presented at arbitration shall be limited to those issues, witnesses and documents that have been disclosed to both parties no later than 60 days in advance of arbitration. The party presented with the new information shall have 30 days thereafter to identify additional issues, witnesses and documents in response. The goal is to ensure that both parties have full knowledge of all relevant information in advance of arbitration to make informed decisions regarding settlement.

d. The fees and expenses of the arbitrator shall be shared equally by the College and the Association.

D. TIME LIMITS

No grievance or claim shall be processed unless initiated and carried to the next step within the time provided herein or as extended by mutual agreement.

E. DEMOTION AND DISCHARGE

In the event a faculty member with College-granted tenure is demoted or discharged, the process of the Teacher Tenure Act shall apply. The arbitrator shall, to the extent possible, act as if he/she were sitting on the State Tenure Commission and shall render his/her decision on the same basis and using the same standards as those applied by the State Tenure Commission.

Any probationary faculty member not on a continuing contract shall be employed for the ensuing year unless notified (in writing) at least 60 days before the close of the academic year that his/her services will be discontinued.

F. NON-GRIEVABLE ITEMS

The following matters shall not be the basis of any grievance or claim filed under the procedure outlined in this Article:

1. The termination of services or failure to reemploy any probationary teacher.

2. The Preamble.

G. DISCIPLINE

The following provisions apply to all discipline, including discipline addressed in Articles 4D, 6G, 10E, and the Administrative Investigation MOU –

1. Disciplinary action will be based upon the standards of just cause.

2. Reasonable Policy or Rule: The rule or policy violated will be reasonably related to the orderly, efficient and safe operation of the College.

3. Discipline will be progressive in nature and intended to correct behavior. When the nature of the offense warrants, discipline up to and including discharge may be imposed for a first offense.

4. In any investigatory interview with an employee, the employee will be afforded the opportunity to have a Faculty Association representative present. This shall apply only to the faculty member who is the subject of the disciplinary investigation. The administration will offer the faculty member who is the subject of the disciplinary investigation the opportunity to have a union representative present during the investigatory interview. The union member may decline.

5. At the discretion of administration, Faculty Association representatives may be invited to be present during investigatory interviews with union members who are not the subject of the investigation.
6. If a union member requests representation in an investigatory interview, the College will allow a Faculty Association representative to be present.

7. If a Faculty Association member is not the person who is the subject of a disciplinary interview but makes a statement during an interview that upon further questioning could lead to his/her discipline, the administrator will stop the interview and advise the Faculty Association member of his/her right to union representation.
ARTICLE 11 - NO STRIKE CLAUSE

A. NO STRIKE

During the term of this Agreement neither the Association nor any persons acting in its behalf nor any individual faculty member will cause, authorize or support, or take part in any strike (i.e., the concerted failure to report for duty, or the concerted absence of faculty members from their positions, or concerted stoppage of work or abstinence in whole or part from the full, faithful, and proper performance of the faculty members’ duties of employment).

B. DISCIPLINE OR PENALTIES

Willful violation of this Article by any faculty member or group of faculty members will constitute just cause for discharge and/or the imposition of discipline or penalties. Nothing contained herein shall restrict the College in the exercise of any rights granted to it by law in connection with the violation of any of the provisions of this Article.

C. VIOLATION

Violation of any terms, sections, or provisions of this Agreement by any faculty member or members shall constitute just cause for disciplinary action up to and including discharge.
ARTICLE 12 - LAYOFF, RECALL, AND NEW POSITIONS

A. LAYOFF

For reasons of over-staffing, the Board may cause the necessary number of faculty members to be laid off without pay and without benefits under the following procedure:

1. The Board shall request and consider voluntary layoffs first.

2. Mandatory layoffs of full-time faculty members, in addition to the above, shall take place in inverse order of seniority within each subject matter discipline or a department/academic area plan which is accepted by both the Faculty Association and the College.

3. Notice of layoff of full-time faculty shall occur no less than sixty (60) days prior to the end of the College’s fiscal year.

4. In the event the College administration elects to remove an academic program, the Board shall provide a sixty (60) day layoff advance warning to faculty members affected by such removal.

   Should a Job Training external funding source withdraw funding with less than sixty (60) days’ notice, the Job Training faculty member affected by such program removal will receive a minimum of fourteen (14) days’ notice.

5. A part-time/adjunct faculty member may be employed so long as no qualified full-time faculty members are on layoff. Divisional, Department/Academic Area precedent(s) will be used to determine qualification.

B. RECALL

1. Recall shall be within subject matter discipline but in inverse order of the faculty placed on the mandatory layoff list (full-time faculty) and followed by recalling those faculty members who were placed on the voluntary layoff lists or by implementing a department or academic area plan which is accepted by both the Faculty Association and the Board.

2. Within five (5) working days of receipt of notice of recall, the faculty member must notify Human Resources in writing of acceptance of recall. Failure to do so results in loss of right to reemployment.

3. Faculty on layoff are responsible for providing Human Resources written notice of the telephone number and address to which notice of recall is to be made.

4. No new faculty member shall be appointed while there are available faculty members on the layoff list who are qualified to fill the vacancy and provided that the recalled faculty member reports to his/her assignment within fifteen (15) calendar days from the date of recall notification or unless otherwise mutually agreed to by the parties involved.

   The College may temporarily cover the faculty member’s duties during this fifteen (15)-day period.

5. Upon recall all credit and benefits to the faculty member in effect at the time of the layoff shall be reinstated.

C. NEW POSITIONS

The following procedure will be in effect when new position(s) within the bargaining unit are established during this Agreement:
1. The College will develop a job description and wage rate for the new position.

2. The job description and wage rate, as developed by the College, will be explained to the Association’s representative. The rate may be installed without agreement subject to adjustment as provided below.

3. When a wage rate for a new position is installed, the faculty member affected may, at any time within ninety (90) days from receipt of the job description and rate, file a Type B grievance alleging that the classification is improperly described and/or that such new rate does not bear a fair wage relationship to the wage rate structure in this agreement. Such grievance shall be adjusted under the grievance procedure of this Agreement. If such grievance is settled at any step of the grievance procedure, the settlement shall be effective as of the date when the faculty member was assigned to the new position.

4. The College will notify in writing the chief negotiator and all officers of the Association of all job openings at the College.

D LAYOFF PROVISIONS UNIQUE TO JOB TRAINING

The following interpretation of 12.A and 12.B contract language shall apply regarding the elimination of instructor position(s) in Job Training.

When the elimination of a full time Job Training Instructor position is deemed necessary by Administration, the provisions of Article 6-General Working Conditions (and other provisions as noted) shall be applied as follows:

1. The Board will request and consider voluntary layoffs first.
2. The Provost will determine the positions to be eliminated. Consistent with Article 12-Layoff, Recall & New Positions, Sections 2 and 4, the lowest senior individual in that position shall be informed of the position elimination and reassigned to another instructor position at Job Training if a position exists that the individual has the seniority, experience and qualifications to perform satisfactorily.
3. If the reassignment results in another Job Training Instructor to be displaced from his/her position, then that displaced individual will be informed and reassigned as indicated in 2 above.
4. If there are no positions remaining in Job Training and/or the individual displaced does not have the qualifications to be reassigned to another Job Training Instructor position, the Provost shall determine if the individual has the qualifications to instruct available courses prior to the hiring of any part time/adjunct faculty, consistent with Article 12A.5.
5. Reassignment will be based on qualifications and course availability. Article 3.F Article 6.C.3 and Article 6.C.7 shall be applied.
6. Individuals will carry their seniority in accordance with Article 6.D.4.

ARTICLE 15 – PROVISIONS UNIQUE TO TRAINING SOLUTIONS FACULTY

A. ADDITIONAL COMPENSATION FOR BILLABLE SERVICES FOR HALF-TIME TRAINERS

2. The amount to be paid for additional billable services will be calculated as follows:

   b. The calculation will be based on the number of weeks in the quarter multiplied by eleven hours, which is the expected number of billable services per week.
   c. The number of billable service hours greater than expected hours of billable services (e.g., 143 hours), if greater than zero, will be paid at the appropriate rate in Appendix B-22.
   d. The compensation for additional billable services provided will be processed at the beginning of the following quarter and included no later than the second pay period of that quarter.
   e. All compensated non-work time (e.g., vacation, bereavement, sick time, etc.) will equate to 2.2 hours of “expected hours of billable services” referenced in A.2.b. The intent is that no half-time trainer will be penalized financially for the appropriate use of compensated non-work time.

B. NON-COMPETITION

1. The faculty members in both the full-time and the half-time positions shall not compete with the services of Training Solutions. These trainers shall not enter into agreement to provide services to existing customers of Training Solutions that may be in competition with those services offered by Training Solutions. Existing customer is defined as any employer, organization, or individual that has purchased services from Training Solutions during the previous year. This non-compete agreement does not preclude the full- or half-time trainer from entering into an employment or contractual relationship to provide services that are not instructional or consultative in nature.

2. The faculty member agrees that for a period of six months after the faculty member’s employment has been terminated for any reason, regardless of whether the termination is initiated by the College or the faculty member, the faculty member will not directly or indirectly, solicit or provide similar training or consultative services to any entity who is or was a customer of Training Solutions during a period of one year prior to the termination of the employment of the faculty member, unless the faculty member establishes written proof of a pre-established client-vendor relationship.    The half-time trainer position shall not be combined with other work at the College to create a full-time position without the mutual approval of the College and the Faculty Association.

Article 12 - Layoff and Recall 12.C shall apply

Layoff and Recall: For reasons of overstaffing, the Board may cause the necessary number of Tutorial Laboratory Coordinators and Laboratory Technicians to be laid off without pay and without benefits under the following procedure:

1. The Board of Trustees shall request and consider voluntary layoffs first. Voluntary layoffs will be requested from the classification and discipline that is determined by the Board of Trustees to be overstaffed.

2. Tutorial Laboratory Coordinators and/or Laboratory Technicians will be laid off in inverse order of seniority within their classification and within their disciplines.

3. Notice of layoff of Tutorial Laboratory Coordinators and/or Laboratory Technicians shall occur no less than sixty (60) days prior to the end of the College’s fiscal year.

4. If any Tutorial Laboratory Coordinator or Laboratory Technician is laid off from a current position, as identified, above, the individual(s) notified of layoff shall have the following rights:
   a. Recall rights per the relevant provisions of this article.
   b. At the option of the Tutorial Laboratory Coordinators and/or Laboratory Technicians on layoff, he/she shall be assigned up to 15 contact hours (12 for...
composition instructors) before the provisions of Article 6.G are implemented for the next academic year semester following layoff under the following circumstances:

i. Courses for which the Tutorial Laboratory Coordinator or Laboratory Technician is qualified to perform must be available.

ii. If 15 contact hours (12 for composition instructors) are available, the Tutorial Laboratory Coordinator or Laboratory Technician on layoff shall be compensated for this work at the greater of either (1) the current wage on the 32-week Tutorial Laboratory Coordinator or Laboratory Technician scale subject to annual adjustments or (2) the appropriate rate set forth in Appendix B-21.

He/she will receive full benefits of a full-time Tutorial Laboratory Coordinator or Laboratory Technician and will be obligated to hold five (5) office hours per week.

iii. If 15 contact hours (12 for composition instructors) are not available, the Tutorial Laboratory Coordinator or Laboratory Technician on layoff shall be assigned the maximum number of contact hours available and shall be compensated for this work at the greater of either (1) the prorating of his/her current wage on the 32-week Tutorial Laboratory Coordinator or Laboratory Technician scale or (2) the appropriate rate set forth in Appendix B-21.

Benefits will be prorated based on 15 contact hours (i.e., 15 contact hours = 100% or 12 contact hours = 100% for composition instructors).

c. Tutorial Laboratory Coordinator or Laboratory Technician on layoff shall maintain his/her level 3 overload selection option referenced in Article 6.G.4.

d. This provision is effective for the number of semesters the Tutorial Laboratory Coordinator or Laboratory Technician has been employed with Grand Rapids Community College up to a maximum of 10 semesters or retirement, whichever occurs first. The provisions of Article 6.C.7 shall not apply. The assigning of 15 contact hours (12 contact hours for composition instructors) for more than 3 semesters shall not obligate the College to create a full time faculty position for the employee on layoff.

e. The administration reserves the right to reduce the number of semesters if there is evidence of poor teaching performance.

5. Individuals must return to positions if recalled. A refusal to return to recall will be deemed a resignation of employment.

6. Recall shall be within the classification and discipline in inverse order of the Tutorial Laboratory Coordinator or Laboratory Technician placed on the mandatory layoff list and followed by recalling those Tutorial Laboratory Coordinators or Laboratory Technicians who were placed on the voluntary layoff lists.

7. Within five (5) working days of receipt of notice of recall, the faculty member must notify Human Resources in writing of acceptance of recall. Failure to do so will result in loss of right to re-employment.

8. Faculty members on layoff are responsible for providing Human Resources notice of the telephone number and address to which notice of recall is to be made.
9. No new Tutorial Laboratory Coordinator or Laboratory Technician within the discipline of a Tutorial Laboratory Coordinator or Laboratory Technician on layoff shall be appointed while there are available Tutorial Laboratory Coordinators or Laboratory Technicians on the layoff list who are qualified to fill the vacancy and provided the recalled Tutorial Laboratory Coordinator or Laboratory Technician reports to his/her assignment within fifteen (15) calendar days from the date of recall notification or unless otherwise mutually agreed to by the parties involved.

In the event the Tutorial Laboratory Coordinator or Laboratory Technician is teaching classes at the time of recall, he/she will be allowed to return to his/her Tutorial Laboratory Coordinator or Laboratory Technician assignment at the conclusion of that semester.

The College may temporarily cover the Tutorial Laboratory Coordinator or Laboratory Technician’s duties during the 15 day period or until the conclusion of the semester.

10. Upon recall all credit and benefits to the Tutorial Laboratory Coordinator or Laboratory Technician in effect at the time of layoff shall be reinstated.

B. Faculty Evaluation Procedures

Tutorial Laboratory Coordinators and Laboratory Technicians will be evaluated annually using the approved evaluation plan for Lab Coordinators.
ARTICLE 17 – EVALUATION SYSTEM
GRAND RAPIDS COMMUNITY COLLEGE
FACULTY EVALUATION SYSTEM
FOR FULL-TIME CLASSROOM FACULTY, COUNSELORS, LIBRARIANS, AND JOB TRAINING FACULTY

(Grand Rapids Community College thanks Columbus State Community College for permission to use language and concepts from its Faculty Promotion and Tenure Handbook.)

The document explains the Faculty Evaluation System (FES) at GRCC and is designed to support tenure-track faculty in the development and maintenance of documentation to be used in the application of a faculty member for tenure, merit, and rank.

PART ONE: PHILOSOPHY OF THE FACULTY EVALUATION SYSTEM

The purpose of the Faculty Evaluation System at Grand Rapids Community College is to promote excellence in the teaching and learning process. Faculty evaluation at GRCC is intended as a collegial process.

The comprehensive Faculty Evaluation System includes multiple measures of assessment designed to provide faculty with the essential information they need to achieve excellence in the teaching and mentoring of learners. The Faculty Evaluation System promotes excellence by rewarding exemplary faculty and by providing the means of individual professional development, resulting in improved student learning and institutional quality.

Part of the College’s commitment to educational excellence is to recruit and retain highly qualified faculty. The College also recognizes that faculty who do not meet acceptable levels of performance and who fail to improve those levels of performance will not be retained.

The underlying assumption of the Faculty Evaluation System at GRCC is that it is a collegial system with collective responsibility for excellence in teaching and learning shared by each colleague in the academic department and College. Tenure, merit, and promotion are the acknowledgements by one’s colleagues of an individual’s readiness to move forward to the next level of performance and responsibility.

The following describes the tenure, merit, and promotion process, how acceptable levels of performance are determined, how information gained from performance evaluation is utilized, and how faculty can improve levels of performance.

PART 2: DEFINITIONS AND COMPONENTS OF THE FACULTY EVALUATION SYSTEM
A. Satisfactory Standards for Employment (SSE) – This term describes the standard that each full-time tenured faculty member at GRCC has to meet in order to maintain ongoing employment. The following standards must be met every year.

<table>
<thead>
<tr>
<th>Category of Evaluation</th>
<th>Annual Satisfactory Standards</th>
</tr>
</thead>

| Teaching                        | • All Teaching Observations completed (see later explanations of requirements for each rank)

| Professional Development        | • 9 clock hours per academic year – faculty may choose to complete these activities in the summer, but they cannot be required to do them in summer                                        |
| Student Service                 | • Participation in departmental advising plan each academic year – faculty may choose to complete these activities in the summer, but they cannot be required to do them in summer            |
| College Service                 | • 15 clock hours of service per academic year - faculty may choose to complete these activities in the summer, but they cannot be required to do them in summer                                          |
| Additional Responsibilities     | • Grades are reported by contractual deadlines

• Making a reasonable effort to participate in meetings related to his or her teaching function as scheduled by their dean, department head or program director provided they are scheduled during a normal work day and academic year  
• Meeting classes during the time scheduled and for the appropriate length of time required by the Collective Bargaining Agreement  
• Attending Commencement (Job Training faculty must specifically attend Job Training Commencements)  
• Attending Opening Day and School Meetings  
• Participating in Faculty Learning Day |
• Participating in Department/Program Faculty Instructional/Professional Development
• Make reasonable accommodations as approved by Disability Support Services to meet students’ needs in compliance with the Americans with Disabilities Act (ADA)
• Follow College policy on the Family Educational Right to Privacy Act (FERPA)
• Some of the above-mentioned responsibilities are exempt for leaves of absence, vacation, school cancellations, and sick days

The above-mentioned Additional Responsibilities must be substantially met each year.

Failure to meet the SSE’s in a given year will result in a faculty member being given written notice of substandard performance. Failure to meet the SSE’s in a second year will result in the faculty member being given a second written notice of substandard performance, being denied any overload teaching assignments and put on a Performance Improvement Plan. Failure to meet the SSE’s in a third year will result in termination of employment, whether or not an administrative investigation has been conducted into performance deficiencies. Termination is subject to Part 8 of this document.

*Important Note regarding Release Time and Equated Overload: For SSE’s, Yearly Distribution Requirements, tenure, merit, and promotion, faculty may not count activities for which they receive equated overload. Faculty may count activities performed for release time toward their SSE’s, Yearly Distribution Requirements, tenure, merit, and promotion.

B. Yearly Distribution Requirements (YDR) – This term describes the standard that each full-time non-tenured and temporary faculty member at GRCC has to meet in order to maintain ongoing employment. They are also the standard that each tenured faculty member has to meet to achieve merit and progress in rank. The following standards must be met every year. Tenured faculty must indicate each year on their Faculty Performance Evaluation form whether they are seeking to satisfy the SSE’s or pursue merit and/or promotion.

The above-mentioned Additional Responsibilities must
C. Tenure – Tenure is a status conferred upon a faculty member after a probationary period, assuring her or him of the permanency of her or his employment at the College. The purpose of tenure is to ensure quality and excellence of instruction through rewarding creative and effective teaching and guaranteeing faculty members that they will not be dismissed for anything other than just cause or a reduction in the number of faculty required to deliver the College’s academic programs.

A faculty member is eligible to apply for tenure after completing three full years of qualifying full-time service at Grand Rapids Community College. This is defined as a minimum of six full semesters in three academic years. Application for tenure is not optional. A faculty member undergoes the tenure review process in his or her fourth year of employment, and tenure is granted or denied at the end of the fourth year of employment.

A faculty member who is not awarded tenure will be terminated at the completion of the academic year during which tenure was considered (year four). Tenure decisions are final and not subject to an appeal or grievance process.

D. Faculty Rank
Faculty Rank refers to a progressive series of titles assigned to a faculty member in recognition of the faculty member having demonstrated sustained performance meeting expectations in a specific number of categories in the faculty member’s current rank. GRCC employs a three-tier rank system of Assistant Professor, Associate Professor, and Professor. Application for rank beyond tenure is optional. SSE’s must always be met, regardless of application for rank or not.

Faculty members on a Performance Improvement Plan may not apply for rank.

E. Merit Midpoints
Per the Faculty Salary Schedule, there are merit midpoints between the attainment of tenure and rank at which faculty can receive salary increases. In order to receive an increase, faculty must have met Yearly Distribution Requirements every year since their last salary increase, and they must be demonstrating additional progress toward the achievement of tenure or their next rank. Demonstration of additional progress is completion of at least one of the substantive projects discussed later in this document under Category Requirements for Promotion to Each Rank.

Application for merit midpoints beyond tenure is optional. SSE’s must always be met, regardless of application for merit midpoints or not.

Faculty members on a Performance Improvement Plan may not apply for merit midpoints.

F. Merit After Attainment of Professor Rank
Per the Faculty Salary Schedule, there are points after the attainment of Professor at which faculty can receive salary increases. In order to receive an increase, faculty must have met Yearly Distribution Requirements every year since their last salary increase, and they must meet the Category Requirements outlined later in this document.

Application for merit after attainment of the rank of Professor is optional. SSE’s must always be met, regardless of application for Professor or not.

Faculty members on a Performance Improvement Plan may not apply for merit after the rank of Professor.
G. Performance and Professional Development Annual Plans

On an annual basis, the faculty member must develop performance and professional development plans which are recorded on the Faculty Performance Evaluation (FPE) Form. The SSE’s, YDR’s, and the other requirements needed to maintain employment, achieve tenure, merit, and rank should be encompassed in the plans; in fact, plans should be chosen carefully to ensure adequate attention to the requirements for ongoing employment, tenure, merit, and promotion. Plans also should have clearly defined outcomes and meet an identified need of the department, School, College, or individual faculty member’s professional growth.

These plans are to be established collaboratively among the faculty member, appropriate Department Head or Program Director, and appropriate Associate Dean for Faculty Evaluation and Hiring. Every attempt should be made to come to agreement on plans. In the event that these three persons cannot agree, the plan will be approved if two of the three parties agree. If the plan does not meet the SSE’s or relevant category requirements specified in this document, the Associate Dean may send the document back to the faculty member and department head/program director to remedy the shortcoming(s).

H. Faculty Performance Evaluation

Annual Faculty Performance Evaluations are a vital component of the faculty member’s evaluation process and professional portfolios. The FPE documents a faculty member’s having met a satisfactory standard of performance. The FPE also is to be used to summarize the faculty member’s progress and achievements toward tenure and promotion. It includes the faculty member’s documentation and assessment of his/her achievement of stated annual plans. Annual evaluations include the Department Head’s/Program Director’s comments and signature.

The Administration will develop a calendar with due dates for the elements of the evaluation system and publish it to faculty no later than June 1, 2013 for the 2013-14 fiscal year and no later than June 30 for each subsequent fiscal year of the Contract. These dates must be within each faculty member’s contract year.

Completed evaluations are forwarded to the appropriate Associate Dean for Faculty Evaluation and Hiring for final approval. Deans and the Provost also receive copies of each evaluation form, and copies are maintained in the faculty member’s Human Resource File. Signed copies of Faculty Performance Evaluations become important documentation for the portfolios required for tenure and promotion, as well as for merit increases between promotions and after attainment of the rank of Professor.

I. Faculty Observation Report

The Faculty Observation Report Form corresponds to a list of behaviors associated with instructional performance. Faculty observations are to be conducted by the faculty member’s Department Head or Program Director, colleagues, and Associate Dean for Faculty Evaluation and Hiring, as appropriate (see additional information below). Instructional activities to be observed include but may not be limited to classroom instruction, laboratory and clinical instruction, and web and web-based instruction. Annual Faculty Performance Evaluations are to include reflection on instructional activities as recorded on the Faculty Observation Report. Faculty members will offer their evaluators at least three different class periods from which the evaluator can choose to come and observe.

Full-time faculty classroom observations will be conducted as follows:

Pre-tenure

- A tenure-track faculty member will be observed once per semester.
Four of those observations will be performed by the Associate Dean for Faculty Evaluation and Hiring, and four of those observations will be performed by the appropriate Department Head/Program Director or peer.

**Pre-Associate Professor**

- A tenured faculty member who has not achieved the rank of Associate Professor will be observed once per year.
- Two of those observations will be performed by the Associate Dean for Faculty Evaluation and Hiring, and two of those observations will be performed by the appropriate Department Head/Program Director or peer.
- A faculty member at this level also will seek yearly written feedback on an element of his or her teaching (syllabus, assignment, assessment, classroom policies and practices, teaching technique, etc.) from a peer.

**Pre-Professor**

- An Associate Professor who has not achieved the rank of Professor will be observed once every other academic year.
- All of these observations may be conducted by the appropriate Department Head/Program Director or peer. At the faculty member’s request, they may be conducted by the appropriate Associate Dean for Faculty Evaluation and Hiring.
- In the years not being observed, a faculty member at this level also will seek written feedback on an element of his or her teaching (syllabus, assignment, assessment, classroom policies and practices, teaching technique, etc.) from a peer.

**Post-Professor**

- Professors working toward their merit increases will be observed once in the years before their application for merit. Professors who do not wish to seek merit after the rank of Professor will be observed once every three years.
- These observations may be done by either the appropriate Department Head/Program Director or Associate Dean for FacultyEvaluation and Hiring, as the Professor chooses.
- Professors working toward their merit increases also will seek (at least once in the years before their application for merit) written feedback on an element of his or her teaching (syllabus, assignment, assessment, classroom policies and practices, teaching technique, etc.) from a peer.

The preceding timelines represent a **minimum** number of observations to be completed.

**J. Student Evaluations of Instruction**

Student Evaluations of Instruction are intended primarily for the individual faculty member’s usage to improve quality of instruction and the teaching/learning process. The Student Evaluation of Instruction Form is designed to provide constructive feedback to the faculty member. A faculty member should share and discuss his/her evaluations with peers, the Department Head/Program Director, and Associate Dean for Faculty Evaluation and Hiring as a tool to improve instruction. Faculty reflections on student evaluations and their impact upon teaching strategies are to be included in professional portfolios for tenure and promotion in the narrative summary for Teaching. Copies of student evaluations, both the quantitative results, as well as students’ written feedback, are also included in the portfolio and shared each semester with the appropriate Department Head/Program Director and Associate Dean. Unsigned student comments will not be used for discipline but may trigger an administrative investigation.

Student evaluations are distributed according to the systems developed by the Provost’s Office and Institutional Research and Planning.
All faculty will have all their classes evaluated by students every semester, no matter their rank.

K. The Professional Portfolio
The portfolio for tenure and promotion is discussed in more detail later in this document.

PART 3: PLACEMENT IN AND EXPECTATIONS FOR TENURE, RANK AND MERIT

A. Initial Placement in Rank
Initial placement in rank is made at the time of hire by the Provost after consultation with the appropriate Department Head or Program Director and Dean. New full-time hires, regardless of initial rank, will still need to meet the requirements of the College’s tenure process.

      need of the Department, College, or individual’s professional growth; and having
      the approval of the faculty member’s Department Head/Program Director and
      Associate Dean in advance (as part of the annual FPE process)
4. Completed an additional activity in each of the four required evaluation categories
   (Teaching, College Service, Student Service, or Professional Development) – for these
   activities, only documentation of completion is required; neither the pre-approval of the
   Department Head/Program Director and Associate Dean is required, nor is reflection in
   the narrative portion of the portfolio

Professor—For merit increases after attainment of the rank of Professor, the candidate must submit
documentation showing that he or she has:

1. Met the Yearly Distribution Requirements
2. Completed required teaching observations and student evaluations
3. Completed one additional substantive project from one of the five evaluation categories
   a. “Substantive” is defined as taking a minimum of 15 hours per year to complete;
      having a clear outcome or product that results from the project; meeting a clear
      need of the Department, College, or individual’s professional growth; and having
the approval of the faculty member’s Department Head/Program Director and Associate Dean in advance (as part of the annual FPE process)

4. Completed an additional activity in each of the four required evaluation categories (Teaching, College Service, Student Service, or Professional Development) – for these activities, only documentation of completion is required in the FPE

**Category Activity Charts**

The following charts are intended to provide guidance to faculty members navigating through the promotion/tenure process, as well as to the committees evaluating faculty portfolios. For each category, examples of documentation for the FPE and for the portfolio and focus questions for the narratives required in the portfolio are suggested. The examples provided are not exhaustive, and are intended to show some of the primary activities that faculty may be engaged in for each of the categories. It is possible that some activities could logically fall into more than one category, and it would be up to the faculty member to decide in which category to place that activity. *However, the same activity cannot be “claimed” in more than one category (i.e., one cannot “double-dip”).* For example, giving a presentation as part of Learning Day or leading a workshop for the Center for Teaching Excellence may be counted as College Service or Professional Development, but not both. A database of approved activities will be maintained by the College, noting what categories of or specific activities are approved for all faculty and what categories of or specific activities are approved for faculty members in certain disciplines or circumstances.

**PART 4: REQUIRED DOCUMENTATION FOR MERIT, TENURE, AND PROMOTION**
FACULTY PERFORMANCE EVALUATION – This annual form is used to verify the Satisfactory Standards for Employment and Yearly Distribution Requirements are being met, as well as progress being made toward all merit points and toward tenure and promotion. Plans are made at the beginning of each academic year and approved by the faculty member, Department Head/Program Director, and Associate Dean. Documentation showing that plans have been accomplished is submitted by the faculty member to the Department Head/Program Director and Associate Dean at the end of each academic year.

PORTFOLIO FOR TENURE AND PROMOTION

A. Overview
Each faculty member is responsible for maintaining a professional portfolio of documents required for tenure and/or promotion.

The portfolio is considered the principal documentary evidence for tenure review and promotions in rank and is used by all tenure and promotion review committees as the foundation for their deliberations.

The portfolio stands on its own merits, and no additions or changes are allowed after the agreed-upon date.

B. Standard Organization and Presentation of the Portfolio
The organization shown below includes all five achievement categories that may be documented. Portfolios must always document satisfactory standards for employment (contained in the annual Faculty Performance Evaluations), as well as the achievements in the additional categories required at each rank.

C. Teaching and Learning Philosophy Statement
The Teaching and Learning Philosophy Statement is an opportunity for faculty members to explain who they are as educators, what they believe about themselves, their disciplines, their students, and how these things are exemplified in their practice. The statement is both inspirational and practical in nature.

D. Narrative Summary
The importance of the Narrative Summary in the portfolio cannot be overstated. The Narrative Summary that begins each category in the portfolio serves to highlight the important contributions faculty members have made in each of the categories. It provides an opportunity for faculty to reflect on their growth as a faculty member based on the activities they have undertaken and feedback they have received in the years covered by the portfolio. It is a way for faculty to explain how they have met the expectations for tenure or promotion. Focus questions noted earlier can assist faculty with formulating the narrative.

E. Documentation
Documentation for each of the categories selected should be supportive of the Narrative Summary for the category. Documentation provides evidence that faculty have met the expectations for tenure and promotion.

PART 5: DECISION-MAKING PROCESSES FOR SATISFACTORY STANDARDS FOR EMPLOYMENT, MERIT, TENURE AND PROMOTION
Annual Faculty Performance Evaluation plans are developed collaboratively by the faculty member, his or her Department Head/Program Director, and the appropriate Associate Dean for Faculty Evaluation and Hiring. In the event that these three persons cannot agree, the plan will be approved if two of the three parties agree. If the plan does not meet the requirements specified in this document, the Associate Dean may send the document back to the faculty member and department head/program director to remedy the shortcoming(s). Completed Faculty Performance Evaluation forms, with attached documentation, are reviewed, approved and signed, if satisfactory, by the appropriate Department Head/Program Director, and finally reviewed, approved, and signed, if satisfactory, by the Associate Dean for Faculty Evaluation and Hiring. After this approval, they are shared with the Dean and Provost, and then filed in Human Resources Office.

This form and process is used to determine the following:
1. Whether or not a faculty member meets the Satisfactory Standards for Employment and Yearly Distribution Requirements
2. Whether or not a faculty member is making acceptable progress toward tenure and promotion
3. Whether or not a faculty member has earned merit midpoints or merit after attainment of the rank of Professor

Portfolios are used by faculty members to seek tenure and rank. Portfolios are evaluated by a committee comprised of four members: their Department Head/Program Director, a faculty member in their department or in a closely related department, their Associate Dean for Faculty Evaluation and Hiring, and a faculty member from a College-wide Cohort of Trained Evaluators. This final faculty member may be from a School other than the one from which the faculty member being evaluated hails. The committee member from the faculty member’s department (or a closely related one, if a department does not have enough faculty to serve) is chosen by the faculty member being evaluated. The committee member from the College-wide Cohort is chosen by the Associate Dean for Faculty Evaluation and Hiring. The faculty member being evaluated has one opportunity to “veto” a selection made by the Associate Dean. (In the event that a Department Head or Program
Director is being evaluated, that faculty member may select another Department Head or Program Director from a closely related department to take his/her role on the evaluation committee.)

Although faculty members from the College-wide Cohort of Evaluators will have more extensive training and potentially serve on multiple committees in a given period, all members of rank and tenure committees will be required to complete training created by the College before they are allowed to serve.

Members of the College-wide Cohort of Evaluators must be approved by their Department Heads and Associate Deans.

Rank and tenure committees will meet to review the portfolios of candidates and vote on their candidacy. In order to be recommended for tenure or subsequent ranks, a faculty member must receive three out of four yes votes. The committee’s recommendation is then forwarded to the Dean of the appropriate School, who makes a recommendation to the Provost, who then makes the final decision on tenure or rank.

In their decision-making process, the Dean and Provost may not call into question plans made by a faculty member and subsequently approved by their Associate Dean. However, the Dean and Provost may question the documentation submitted by the faculty member and the process followed by his or her committee when making their decisions regarding tenure and rank.

PART 6: ADMINISTRATION AND ASSESSMENT OF THE FACULTY EVALUATION SYSTEM
For the duration of the existing Faculty Contract, the oversight of the Faculty Evaluation System will be undertaken by the Provost’s and respective Deans’ Offices, with all completed documents and decisions being housed in Human Resources. This oversight includes the creation of forms associated with evaluation, the setting of deadlines associated with evaluation, the training of new faculty and evaluators in the evaluation process, and other administrative and managerial tasks. This oversight of the System, however, must be consistent with this document and the Collective Bargaining Agreement.

The Faculty Association will be provided with forms which will be used to implement the evaluation system by June 1, 2013. The FA may provide feedback on the forms. Changes to these forms may be made at any time thereafter. The FA will be provided with copies of the modified forms for information purposes only prior to implementation.

At the conclusion of this Faculty Contract, the administration and the faculty will each have the ability to assess the effectiveness of the Faculty Evaluation System and propose changes.

PART 7: CURRENTLY EMPLOYED TENURE-TRACK FACULTY
Untenured, tenure-track faculty who are in the second or third year of their probationary period at the time of the signing of this agreement will be allowed to finish their tenure process by meeting the requirements of the faculty evaluation system under which they began their tenure-track employment, e.g. the faculty evaluation system outlined in the previous Faculty Contract.

PART 8: APPEALS PROCESS
Tenure: The termination of services or failure to reemploy any probationary faculty member shall not be the basis for any grievance of claim under Article 10 - Grievance Procedures.

Satisfactory Standards of Employment: If a tenured faculty member is terminated for failing to meet SSE for three consecutive years, the termination decision may be appealed through Article 10 – Grievance Procedures.
Merit Midpoint Salary Increases: If a faculty member is not granted a merit midpoint salary increase, the decision may be appealed to a three-person panel. That panel will consist of an administrator appointed by the Provost, a faculty member appointed by the Faculty Association President, and a department head/program director agreed upon by both the Provost and Faculty Association President. This panel will review the documentation provided by the faculty member in support of the merit midpoint to determine whether the process has been followed and whether the documentation is adequate to meet midpoint requirements. The panel’s decision will be final.

Associate Professor Rank, Full Professor Rank and Merit Salary Increases Following Full Professor: If a faculty member has applied for and been denied rank of associate professor, full professor or merit following full professor the decision may be appealed to a three-person panel. That panel will consist of an administrator appointed by the Provost, a faculty member appointed by the Faculty Association President, and a department head/program director agreed upon by both the Provost and Faculty Association President. This panel will review the documentation provided by the faculty member in support of his or her application to determine whether the process has been followed and whether the documentation is adequate to meet the requirements of the rank or merit point. If a panel denies a faculty member’s appeal two consecutive years, the faculty member may appeal the third denial through the parties’ grievance procedure (Article 10).

PART 9 – HOLD HARMLESS

If a faculty member knows or should know about obstacles that will prevent fulfillment of any requirements of an approved Annual Performance Evaluation Plan due to circumstances beyond that faculty member’s control prior to February 1 of the evaluation year, the faculty member shall notify the Department Head and Associate Dean in writing, and propose an alternate activity within the same category to fulfill the plan. In a timely manner, the Department Head and Associate Dean will approve the plan as amended and accept documentation showing that the plan, as amended, has been accomplished to the fullest extent possible given the time remaining after modification.

If circumstances beyond the faculty member’s control occur after February 1 of the evaluation year that prevent a faculty member from fulfilling requirements of the approved or modified plan, the faculty member will not be held accountable for the requirements he or she was unable to fulfill.
ARTICLE 18 - DURATION OF CONTRACT

This Agreement shall be effective as of September 1, 2011, and shall continue in effect until August 31, 2016 except for Longevity Training and Degree Pay (Article 7.D.2, Article 7.H Article 16 and Appendix B) which will continue until the beginning the next contract.

      a. They declare their desire to be removed from the list (perhaps receive the higher overload rate), or
      b. They do not teach a class at GRCC for an entire academic year.
   4. Once removed from the list, a faculty member will forever forfeit his/her right to elect this benefit.
   5. Faculty members who meet these conditions shall remain eligible to elect prorated health insurance benefits when employed for half-time or more.

B. Benefit
   1. When employed at one half or more of a normal workload, eligible faculty members will be entitled to elect health insurance coverage under the terms of the pro rata system used in 2003-04, without any other co pay on monthly premiums.

   2. Half-time status shall be determined using the Faculty Information Form (FIF) which corresponds to the official count date. If additional contact hours are added after that date which cause the adjunct to become half time or more, the adjunct will not be eligible for prorated health insurance benefits, nor will the faculty member move to the higher rate schedule (Appendices B-16 or B-17) for that semester.

   3. Faculty who elect prorated health insurance will not be eligible to be paid at the higher adjunct rates set forth in Appendix B-16 or B-17.

FACULTY ASSOCIATION

GRAND RAPIDS COMMUNITY COLLEGE

2007-2010

ADMINISTRATIVE INVESTIGATION

The Board of Trustees of Grand Rapids Community College and The Faculty Association of Grand Rapids Community College agree to the following Administrative Investigation procedures as it relates to perceived deficiency in professional competency in job performance. (e.g., knowledge, skills, and abilities). These investigations are for performance concerns whether the concern arises from the evaluation or outside the evaluation period. This memo will remain in effect July, 2007 through August, 2010.

A. The Faculty Association and administration are committed to resolving performance issues at the lowest level of intervention necessary to improve performance. This may include informal discussions with affected parties.

B. This investigation procedure shall be followed in the termination or discharge, suspension, or other discipline of a faculty member where such action is based on a perceived deficiency in professional competency in job performance. (e.g., knowledge, skills, and abilities).

C. This memo of understanding does not supercede Article 10 (Grievance Procedures), Article 10.E (Demotion & Discharge), and Article 6.G.2 (limitation of overload) of the collective bargaining agreement.

D. The administration shall provide written notification to the affected faculty member and will be informed of his/her right to association representation at the start of the investigation; this notification shall describe the intended investigation process.

E. The Provost or designee will conduct the investigation.

F. If disciplinary action is forthcoming the administrator conducting the investigation shall provide full disclosure to the affected faculty member or his/her representative. Such disclosure shall include all pertinent information and sources on which the disciplinary decision is based.

In addition, if the investigation had discovered any information favorable to the faculty member, but the administration did not use such favorable information to base its disciplinary decision, such information will also be disclosed to the Faculty member or his/her representative.

Disciplinary action will be determined on a case-by-case basis. Only in the event the faculty member has not waived his/her right to association representation will the disciplinary action be precedent setting.
G. In the event that the regular evaluation causes the Administration to begin a separate investigation of a faculty member's performance as provided for in paragraph 2.e.1 of the Memo of Understanding – Faculty Evaluation Procedures, any evidence developed by that separate investigation, including signed student comments and evaluations of faculty made during the course of that separate investigation, may be used in disciplinary or legal proceedings.

In the event of any disciplinary or legal proceedings involving a faculty member, the Administration will exclude from such proceedings the following:

1. Unsigned student comments.
2. Unsigned evaluations of faculty.
3. Testimony or documentation summarizing unsigned student comments or evaluations of faculty.
4. Testimony or documentation referring to the substance of unsigned student comments or evaluations of faculty.

H. If the faculty member alleges that the administrative investigation was initiated in an arbitrary, capricious or discriminatory manner, the Administration may indicate the general fact that the regular evaluation was the cause for the College to begin a separate investigation into the faculty member's performance.

This MOU applies to the Full-time Dental Department Faculty, and will be in effect beginning Fall Semester 2013, and ending Winter Semester 2015. During this period, clinical classes normally offered during the Summer Semester 2014 will be moved to the preceding and following fall and winter semesters to accommodate the lack of access to the clinic in summer 2014. This will impact load distribution as the summer clinical courses will be held in fall and winter semesters creating heavier class loads during these semesters: Fall 2013, Winter 2014, Fall 2014, and Winter 2015.

Article 6.B.1.b Workload states that if either a faculty member or the administration requests a deviation from this schedule, the faculty member and the administrator must mutually agree to the revised work schedule. GRCC and the Faculty Association mutually agree to the following clarifications and modifications:

- Art 6.B.1.b states "Classroom faculty members with 40-week contracts- thirty seven (37) contact hours comprised of fifteen contact hours per academic year semester and seven contact hours in the first summer session or its equivalent".

All full time dental faculty members, currently assigned to 40 week contracts, will have their 37 hour normal workload distributed throughout the entire year instead of 15 contact hours during fall and winter, and 7 in the summer.

- Art 6.G.9 states "During the academic year, a faculty member may select up to twelve (12) hours of overload per semester. To avoid the splitting of classes, a faculty member may exceed this limit by no more than one contact hour. Classes will be split between faculty members only with the approval of the appropriate dean."

All Full Time Dental faculty members, currently assigned to 40 week contracts, will be allowed to exceed the overload cap of 12 contact hours during fall and winter semesters from fall 2013, winter 2014, fall 2014, and winter 2015.

- Starting in Fall Semester 2013 and again in Fall Semester 2014, full time dental faculty will select overload for the entire academic year prior to the start of the academic year. This is in contradiction to the Timing of Overload MOU which states specific dates for selection of overload done prior to each semester. Due to the rearrangement of classes, the distribution needs to be determined in advance to allow for ensured coverage during this period. Other than the selection date(s), the other provisions of the Timing of Overload MOU remain effective.
• Despite the revised workload, Faculty members will continue to have their salary and benefits for their normal workload paid as in a typical calendar year. Contact hours which exceed their revised normal workload will be paid during the semester worked.

• The Normal Workload for any fall or winter semester will not be less than 15 contact hours.

GRCC Adjunct Evaluation Process

Philosophy

GRCC values quality and effective teaching. Academic leaders recognize the need to:

- Identify and reinforce good teaching practices because of the demonstrated impact on student learning
- Encourage continuous professional development and life-long learning
- Support reflective practice
- Provide opportunities for professional development
- Be accountable to our stakeholders by documenting adherence to institutional academic standards and applicable accreditation criteria

The adjunct evaluation process builds on the adjunct faculty members’ strengths and will provide a working data base that will document ongoing teaching contributions to GRCC's mission. The process is designed to consider 'the question of teaching' through a systematic and structured but flexible enough 'conversation' between the observer and the adjunct faculty with emphasis on learning from each other, on looking for alternative solutions to possible problems, and on discovering new ways to do things, as well as the institutional commitment to continuous quality improvement of the academic area. Adjunct faculty include not only classroom faculty for credit-based programming, but also librarians, counselors, and faculty in non-credit programming.

We believe the process will help foster growth for the adjunct faculty and result in a better educational environment for our students.

Adjunct faculty do not have a tenure and promotion system. They do not have specific titles or hold ranks. All adjunct faculty members have the title of "Instructor."

1. Every new adjunct will be evaluated in the first semester they are hired (Fall, Winter or Summer).

2. New adjuncts that have had no college teaching experience or less than two semesters will be evaluated by the Associate Dean of Faculty Hiring and Evaluation.

3. All adjuncts will be evaluated a minimum of once every three years.

4. All adjuncts evaluated will receive written feedback in a timely manner and will be asked to respond via email or meet with the observer to discuss the evaluation in a timely manner.
5. Evaluations will identify and reinforce good practices and will encourage areas for development if any.

6. Evaluators will:
   a. Be academic administrators who have classroom teaching experience, current full-time faculty at GRCC, or adjunct faculty at GRCC who have taught more than five years.
   b. Undergo training as determined by the administration.
   c. Suggest professional development opportunities, including CTE offerings, to adjuncts as appropriate.
   d. Inform the CTE of trends in professional development needs among adjuncts observed so that CTE may develop appropriate programming.
   e. Purposefully connect adjunct faculty members to other faculty members and to institutional resources and follow up on any issues raised by the adjunct faculty member.
   f. Provide an end-of-semester findings report to the Director of the Center for Teaching Excellence.
   g. Refer any concerns to the AD of Faculty Hiring and Evaluation.
   h. Demonstrate a high level professionalism and respect.
   i. Full-time faculty are encouraged to be observers and to include this as meeting their College Service requirements for their own Evaluation Process.

7. All adjuncts’ classes every semester will be evaluated by students. Results of evaluations, both quantitative and qualitative (written comments), will be shared with the adjunct faculty member’s Department Head/Program Director and Associate Dean for Faculty Evaluation and Hiring.

8. Information from an evaluation from observer and reflection from adjunct shall be available for the next evaluation, regardless of who the observer was.

9. Deans’ Council will receive a yearly report of aggregated data from observations. This report will not include individual faculty names or issues. It is intended for Administration to improve support for and development of adjunct faculty as a group.

10. IRP will design and administer an evaluation of the process in a timely manner.

11. For part-time/adjunct faculty, regular evaluations can be used for the decision whether to rehire the individual for similar courses, professional duties, or full-time employment. Any concern raised from an evaluation will be discussed in a timely manner with the part-time/adjunct faculty member, if he/she requests.

Faculty Evaluation System for Counselors and Librarians
February 2014

Grand Rapids Community College and the GRCC Faculty Association mutually agree to modify the Grand Rapids Community College Faculty Evaluation System for Counselors and Librarians, page 8, Part I.J of the MOU dated March 18, 2001- Student Evaluations of Instruction, effective immediately, as set forth below.

1. For Counselors and Librarians, the sentence, "[a]ll faculty will have all their classes evaluated by students every semester, no matter their rank," is replaced by the following:

a. Students receiving counseling services will be provided the opportunity to evaluate Counselors every semester, no matter the rank of the Counselor.

   i. During five successive weeks in fall semesters beginning with the first Monday that classes are in session,

   ii. During five successive weeks in winter semesters during the last five weeks that classes are in session, including exam week, and

   iii. During five weeks in summer semesters, including the first two weeks that classes are in session during summer semesters and during the last three weeks that classes are in session during summer semesters.

b. Students will be provided the opportunity to evaluate Librarians every semester, no matter the rank of the Librarian.

   i. During five successive weeks in fall semesters beginning each October 1,

   ii. During five successive weeks in winter semesters beginning each March 1, and

   iii. During five weeks in summer semester, including the first two weeks that classes are in session during summer semester and during the last three weeks that classes are in session during summer semester.

2. Student evaluations for Counselors and Librarians will be distributed electronically when the College changes to on line student evaluations for all classroom faculty. Counselors and Librarians may participate in the pilot process for student evaluations when it is operational.

3. To the extent that it doesn't conflict with this agreement, the Faculty Evaluation System remains in effect.

4. This agreement resolves Faculty Association grievance 208.

Evaluation Agreement- Lab Coordinators and Lab Technicians

Grand Rapids Community College and the GRCC Faculty Association mutually agree to the following Evaluation

Merit Pay Opportunity Based on Performance for Lab Coordinators and Lab Technicians
Lab Coordinators and Lab Techs who have not achieved maximum merit pay shall be eligible for advancement of one increment on the merit pay schedule (outlined in Appendix B in the Collective Bargaining Agreement) on July 1st of each year. The faculty member will be advanced one increment if they meet the requirements listed in the Pay for Performance Worksheet.

The attached Performance Evaluation and Pay for Performance Worksheet are the agreed forms and tools used in this evaluation system. The dates reflect the 2013-2014 fiscal years. Each subsequent year will use the same days but rolled forward one year. For 2013-2014 only, the plan will use December 20th instead of the September 1st deadline for developing the plan.

Time will be provided during the normal work day to meet Professional Development requirements. Faculty Learning Day (January 9th in 2014, date not yet set for following years) will not count toward his/her professional development requirement. The Professional Development requirement for part-time Lab Coordinators and Lab Technicians will be 50% of the full-time requirement per year.

1. The parties agree to extend the temporary contracts for the above listed faculty ("listed faculty") for the terms set forth above.

2. The extension of these temporary contracts shall not entitle any of the listed faculty to full time employment at the conclusion of their temporary contracts.
3. Full-time employment during the winter semester and the following fall semester shall be considered continuous employment. These faculty members shall be entitled to the same rights and benefits as other full-time members including seniority, tenure, salary increases, and benefits.

   "A faculty member with a full-time temporary contract for four consecutive (academic year) semesters shall be offered a regular full-time contract beginning the following semester."

   Article 3.F.4

4. Per the parties tentative agreement, If the FT temp competes for and is offered a full time tenure track faculty position at any time in the future, that FT temp will be paid at the overload rate for new faculty: $937 per contact hour for the duration of the parties' contract.

5. Any FT temp who competes for and is hired for a full time tenure track position in the future will be paid at the salary he/she was earning as a FT temp in 2013/2014. If the FT temp is earning more than the rate for a third year probationary faculty member or newly tenured fifth year faculty member at the time he/she is eligible for a promotion point, he/she will receive no increase in pay until he/she becomes eligible for and receives the next promotion point higher than his/her current salary at which time he/she will receive the difference between his/her current salary and the rate of pay for the next promotion point, whatever that amount may be.

6. Full-time employment during the winter semester and the following fall semester shall be considered continuous employment. Pursuant to Article 3.F.6, these faculty members shall be entitled to the same benefits as other full-time members excluding seniority and tenure.

7. Any and all provisions of the GRCC faculty contract which might be construed to grant the listed faculty additional employment rights beyond the termination of these temporary contracts shall not apply to the listed faculty, including but not limited to the following;

Article 3.F.3
'A faculty member with a full-time temporary contract for four consecutive (academic year) semesters shall be offered a regular full-time contract beginning the following semester. The faculty member shall be given a third year probation before tenure is granted"

"Job Training and Training Solutions faculty members may be employed continuously with a normal workload for up to two consecutive years in a fulltime temporary position. If a faculty member is offered continued employment beyond two consecutive years, the faculty member shall be offered a regular faculty contract."
Article 3.F.6

"These faculty members shall be entitled to the same rights ... as other full-time members including seniority, tenure ..."

Article 6.C.7

"Any faculty member whose load equals a full-time semester load shall be compensated and shall receive fringe benefits equivalent to those received by a full time faculty member for that period of time and at the appropriate rate. Should this occur for four consecutive (academic year) semesters, a full-time regular contract shall be offered the following semester."

8. Any and all provisions of the GRCC faculty contract which might be construed to require tenure notification to the listed faculty before May 31, 2015 shall not apply to the listed faculty.

9. This MOU shall be incorporated by reference into each of the individual temporary employment contracts for the listed faculty. This MOU shall be evidence of the Association's agreement to waive the provisions of the faculty contract referenced herein with respect to each of the listed faculty.

10. The College reserves the right to rescind or terminate any of these temporary contracts based upon work performance.

YEAR-ROUND NURSING PROGRAMS

The Board of Trustees and The Faculty Association of Grand Rapids Community College agree to the following modifications to the collective bargaining agreement for faculty members in nursing programs who voluntarily elect to alter their contractual workload to meet departmental needs. This memo of understanding will remain in effect from the date of execution below through August, 2016. The provisions in this paragraph are contractual and not mere recitals.

1. The beginning and end dates of the normal academic work year may be waived by mutual consent between the current full-time Nursing faculty member and the College.

2. The normal workload may be assigned, by mutual agreement, over any two semesters or over all semesters (Fall, Winter, and Summer).

3. The total annual overload for a faculty member who participates in this program shall not exceed 50 contact hours, or equivalent, with two exceptions:
   a. One additional contact hour per semester to avoid the splitting of classes, and
   b. One-half (.5) contact hour per semester for equated overload.

4. In any one semester the total workload for a faculty member who participates in this program shall not exceed 27 contact hours, or equivalent, with two exceptions
   a. One additional contact hour per semester to avoid the splitting of classes, and
   b. One-half (.5) contact hour per semester for equated overload

5. Faculty members who participate in this program must make the election before overload is assigned.

6. If a faculty member's normal workload is spread over two semesters, ten (10) sick days will be granted per calendar year; if a faculty member's normal workload is spread over three semesters, twelve (12) sick days will be granted per year per calendar year. The days will accrue at the start of the Fall semester.

7. If a faculty member's normal workload is spread over two semesters, the faculty
member may take a maximum of two (2) personal business leave days per contract year; if a faculty member's normal workload is spread over three semesters, the faculty member may take a maximum of three (3) personal business leave days per contract year. No more than two (2) personal business leave days may be taken in any one semester. The days will be granted annually at the start of the Fall semester.

8. Article 6.F, Office Hours/Meetings, shall apply during the semesters in which normal workload is assigned, but not during other semesters. If a faculty member's normal workload in any semester is less than 15 contact hours, the number of office hours will be pro-rated in proportion to the number of contact hours/15 for that semester. Example: 10 contact hours/semester = 10/15 = 2/3rds the number of office hours required by Article 6.F for that semester.

9. Faculty members who elect to participate in this program will participate in learning days and advising days during the semesters of their normal workload assignment.

10. Time-for-time trades (Article 9.G) must be completed within one calendar year.

11. Faculty members who elect to participate in this pilot retain their permanent full-time status for the entire year, including any semester in which no normal workload is assigned.

12. Except as set forth within this memo of understanding, all other contractual provisions apply to faculty members who elect to participate.

13. The parties will enter good faith negotiations to timely resolve any disputes regarding this program.

14. If any part of this memo of understanding is unenforceable, the remainder shall be in effect.

15. This is the complete agreement for this program. Any modifications must be in writing.

ARTICLE 6 G.7- TIMING OF THE OVERLOAD SELECTION

The intent of this section is to prescribe the process used for the assignment of overload to faculty. It is intended to establish the dates for selection, to insure each class is subject to seniority rotation and to assign classes to faculty at the earliest reasonable date, allowing faculty adequate time to prepare for classes. (Previously, overload classes were assigned to a faculty member a day or two before the class was to begin.)

General Provisions

Schedule adjustments may be made at any point in the process provided the class has not yet been assigned. A schedule adjustment is at the faculty member's discretion to:
1. Return a class (or classes) to the list of unassigned classes (faculty, who decide to return overload work will not suffer any penalty) and/or
2. Select a class (or classes) from the list of unassigned classes that has been through at least one Level 1 & 2 seniority rotation and has not yet been assigned to another faculty member.

New full time hires will join the selection process at the point they have accepted the College's offer of employment for the semester which they are to begin full time employment.

Guaranteed Classes
Classes assigned as normal load are guaranteed as assigned before any overload is selected. Overload classes are guaranteed if selected; classes not selected may be cancelled. Guaranteed means that the class will not be cancelled or re-assigned to different faculty without consent of the faculty member to whom the class has been assigned.

Fall Semester

For levels 1 & 2, there will be three formal overload selection periods. The list of unassigned classes shall be communicated to each faculty member at least one week before the opportunity for selection. The Associate Dean shall schedule an overload selection meeting during the following periods:
1. **3rd week of April.** The selection will be from a list of unassigned classes prepared by the Associate Dean during the second week of April. This list shall include the vast majority of classes. The Associate Dean may reserve from this list classes that he/she is not ready to guarantee.

2. **3rd week of June.** The selection will be from a list of unassigned classes prepared by the Associate Dean during the second week of June. This list shall include all day and evening classes and, at the discretion of the Associate Dean include select weekend and off-campus classes.

3. **1st or 2nd in-service day.** This selection shall be from a list of all unassigned classes. If a class remains unassigned and has not been cancelled, it is included on the list of available classes for each subsequent selection meeting.

For Levels 3, 4 & 5, classes may be assigned in accordance with Article 6G after June 30th provided the class has been subject to level 1 & 2 selection during at least one selection meeting described above.

Fall classes created after **1st or 2nd in-service day.**

These classes shall be **offered/assigned** to the interested full time faculty member with the least amount of assigned overload. If a full-time faculty member does not accept, then the class should be offered in order to Level 3, 4 & 5 faculty.

- **Summer Semester**

For **levels 1 & 2,** there will be two formal overload selection periods. The list of unassigned classes shall be communicated to each faculty member at least one week before the opportunity for selection. The Associate Dean shall schedule an overload selection meeting during the following periods:

1. **3rd week of April.** The selection will be from a list of unassigned classes prepared by the Associate Dean during the second week of April. This list shall include all classes that begin during the first half of the summer semester and the vast majority of other summer semester classes. The Associate Dean may reserve from this list 2nd half classes that he/she is not ready to guarantee.

2. **3rd week of June.** This selection shall be from the list of all unassigned classes.

If a class remains unassigned and has not been cancelled, it is included on the list of available classes for each subsequent selection meeting.

For Levels 3, 4 & 5, classes may be assigned in accordance with Article 6G provided the class has been subject to level 1 & 2 selection during at least one selection meeting described above.

Summer classes created after **3rd week of June**

These classes shall be given to the interested full time faculty member with the least amount of assigned overload. If a full time faculty member does not accept, then the class should be offered in order to Level 3, 4 & 5 faculty.
Winter Semester

For levels 1 & 2, there will be two formal overload selection periods. The list of unassigned classes shall be communicated to each faculty member at least one week before the opportunity for selection. The Associate Dean shall schedule an overload selection meeting during the following periods:

1. **The week following Thanksgiving** (assuming all class cancellations have occurred). This selection shall be from a list of all unassigned classes.
2. **1st or 2nd in-service day.** This selection will be from a list of all unassigned classes, including classes created after the first overload selection meeting (number 1 immediately above).

If a class remains unassigned and has not been canceled, it is included on the list of available classes for each subsequent selection meeting.

For Levels 3, 4 & 5, classes may be assigned in accordance with Article 6G provided the class has been subject to level 1 & 2 selection during at least one selection meeting described above.

Winter classes created after the 1st or 2nd in-service day. These classes shall be given to the interested full time faculty member with the least amount of assigned overload. If a full time faculty member does not accept, then the class should be offered in order to Level 3, 4 & 5 faculty.

This MOU is effective for the duration of the 2007-2010 Faculty Association Collective Bargaining Agreement.

Prior Learning Assessment
March, 2012

The purpose of this memo of understanding is to serve as a guideline for the Prior Learning Assessment (PLA) process. The following items will be addressed: qualification of assessors, selection of assessors, requirements of the assessors, faculty pay, and definition of PLA Coordinator's role. The PLA coordinator will manage the PLA process.

Qualification of Assessors
Orientation and training is required in order to assess students' portfolios. Current faculty members holding a minimum of a Bachelor degree and who have attended the training in PLA are eligible to be appointed as assessors of the portfolio.

Selection of Faculty Assessors
The PLA Coordinator will recruit assessors.

Faculty assessors are selected based upon their expertise in the subject area challenged by the student. Typically, the faculty member who has responsibility for the course material being challenged by the student would be selected as the assessor of the portfolio. If a faculty member is unavailable or unwilling, the department head/program director will assist the PLA Coordinator in identifying the appropriate faculty assessor. The associate dean will then appoint the faculty to conduct the subject area assessment. The appointment will be made on a seniority basis. A faculty member with the highest seniority in a department will be given first right of refusal followed by the second highest seniority faculty member and so on. Within the boundaries of the stated qualifications, portfolios will be assigned on a round-robin basis. In the event there are not qualified full time faculty assessors for a class, an adjunct faculty member who has expertise in the subject area and the academic credential may be selected as a faculty assessor after completing the orientation and training.

Requirements of Assessors
Faculty must complete an orientation and training of the process and evaluation of portfolio to be eligible to serve as assessors. Orientation and training (approximately one hour) may be accomplished by a scheduled training session or by attending a scheduled training session. The orientation and training will provide an overview of prior learning assessment including an explanation of the processes and procedures, documentation and evaluation of a student portfolio.
Once the orientation and training is completed, faculty may be appointed to serve as assessors. Upon completion of the assessment of the student's documentation/portfolio, assessors will be required to submit the necessary documentation to the Registrar's Office and the PLA Coordinator prior to payment for this work.

**Faculty Association Agreement (or Compensation)**

Faculty assessors will be compensated according to the current Faculty Masters Overload rate (Appendix B-16.A).

The faculty member will be paid for three (3) clock hours per assessment of a student portfolio. Pay will calculated as overload (.1 CH) per the faculty agreement.

**Terms of this agreement**

Upon settlement, this PLA process contract language will be added to the Faculty Collective Bargaining Agreement as Article 6.J. The PLA process as outlined above will go into effect immediately when this MOU is signed.

MEMORANDUM OF UNDERSTANDING
between the
BOARD OF TRUSTEES
and the
FACULTY ASSOCIATION
of
GRAND RAPIDS COMMUNITY COLLEGE August, 2007

PROVISIONS UNIQUE TO CONSTRUCTION TRADES

The following language applies only to the non-credit construction trades apprenticeship program/courses:

A. Construction Trades Adjunct Faculty Evaluation:
   1) Construction Trades adjunct faculty members will be evaluated by the Construction Trades Manager. Faculty evaluations will be based on several points of information including: results of student questionnaires, classroom observations, student feedback and employer feedback.
   2) Standardized student end-of-course questionnaires will be administered to students in each class section. The results of all end-of-course student questionnaires, including student comments, will be sent to the Construction Trades Manager, the Executive Director of Workforce Development, and the faculty member. End-of-course student questionnaires will be completed at the end of every course regardless of the faculty evaluation process.
   3) For the first three years each Construction Trades adjunct faculty member will be evaluated annually on his/her classroom performance. After three years of successful evaluation, returning adjuncts will be evaluated every third year.
   4) All Construction Trades adjunct faculty will use the forms of the current Adjunct Faculty evaluation process.
   5) If fulltime GRCC Faculty are hired to teach as an adjunct in the construction trades department, they will be evaluated according to the GRCC Construction Trades Adjunct Faculty evaluation process. The Construction Trades Adjunct Faculty evaluation process will be used to evaluate any fulltime GRCC faculty teaching Construction Trades Apprenticeship courses regardless of involvement in other faculty evaluation processes.
   6) Use of faculty evaluations and student end-of-course questionnaires: The primary purpose of the evaluation process is to support and encourage exceptional instruction. Information gathered during faculty evaluations and student end-of-course questionnaires may, on occasion, reveal performance deficiencies as well. Administration, including the Construction Trades Manager, reserves the right to withhold course assignments due to performance deficiencies. Performance deficiencies may be determined as a result of a combination of the student end-of-course questionnaires, multiple complaints from employers or students, failure to complete assignments/duties, inappropriate behavior, violation of policies and procedures, or poor technical or teaching skills. Unsigned student comments will not be the basis for withholding course assignments. In the event that unsigned student comments trigger a performance concern, the performance concern must be validated through other sources. The need to respond quickly to performance concerns necessitates the use of regular faculty evaluation information in the selection and assignment of courses.
Unacceptable levels of classroom performance (C.1.a) shall be categorized as either content issues or instructional delivery issues. Unacceptable performance due to content issues may result in not being assigned courses identical or similar in content. Unacceptable performance due to instructional delivery issues may result in not being assigned courses in the non-credit Construction Trades Apprenticeship program.

B. Exclusion from Overload

Non-credit Construction Trades courses will not be included in the courses offered for overload selection in Article 6.G. Non-credit Construction Trades courses shall be used to allow full-time qualified and available faculty members to complete their normal workload before classes are assigned to adjunct or overload. Article 6.G, sections 1, 10, and 12 will apply.

C. Construction Trades Adjunct Faculty Selection Process.

Faculty teaching non-credit Construction Trades apprenticeship courses must meet position qualifications and have had no negative faculty evaluations in the non-credit Construction Trades apprenticeship program.

1) Course assignments will be made by the Construction Trades Manager. Full time faculty members will be given preference over other candidates in the assignment of construction trades apprenticeship courses. Returning adjunct faculty will be given preference over new adjunct faculty.

2) Full-time faculty will notify the Construction Trades Manager by May 15 of each year of their interest in teaching in the non-credit Construction Trades Apprenticeship courses. This notification of interest will be effective for the following fiscal year.

3) Opportunities to enter the qualified applicant pool will be made available to GRCC faculty and staff through the college's position posting process. Full time faculty may also apply for Construction Trades positions regardless of the May 15 deadline (see C2
above).
D. Rate of Pay (Consistent with B-16 and B-17)

1) Rates of pay for Construction Trades courses will be based on Appendices B-16 and B-17 of the current faculty contract. Contact hour rates will be converted to hourly rates by dividing the contact hour rate by 15.

2) It is expected that most Construction Trades courses will be based on 60 hours of instruction. When courses are expected to run other than the 60 hours, compensation will be based on the appropriate hourly rate multiplied by the anticipated number of instructional hours.

3) In the case where a course may be cancelled due to low enrollment, the instructor may be given the opportunity to teach the course at a prorated amount based on the project seminar rate established in Appendix F.
