Academic Governing Council  
Decision Form

This form is to be used when the Academic Governing Council makes a decision on an issue. This form is sent to the Provost.

Decision:

The AGC voted to approve the following:

i>clicker 2 will be GRCC’s standard classroom response system. Faculty requiring students to purchase a classroom response device must use the i>clicker 2.

Rationale:

Until now, there had been no standard, resulting in inconsistency for students and uneven support for faculty.

Supporting Data:

A group of faculty and staff tested several different clickers before selecting a standard.

Implications for Action:

With a standard, faculty will have a clear option to utilize this technology, and support and training will be available. Also, students will not be asked to purchase more than one clicker.

Evaluation Plan:

This academic standard should be reviewed again in 2015.

Date of Decision by AGC:

April 10, 2012

Response from Provost:  

The Provost endorses the Clicker Standard as approved by the AGC. The Provost will forward to IT and Cabinet as information.
