Criminal Justice Department CJ 286 Corrections II Internship Site Agreement

Grand Rapids Community College, in cooperation with various criminal justice agencies, seeks to ensure that students enhance their educational experience by participation in an internship program that involves actual work experience. To attain that goal, the Criminal Justice Department is providing a site agreement to clarify conditions under which the agency may participate in this internship experience.

Site Coordinator

In order to ensure communication between the college (GRCC) and the agency _____, the agency will appoint an internship coordinator (site coordinator). All communication regarding interns assigned to the agency will be directed to this individual. The site coordinator shall be:

_____ Phone # _____

The agency may, from time to time, change the individual assigned as site coordinator. If such a change is made, the agency shall notify the Criminal Justice Department as soon as possible.

Internal Policies, Rules and Regulations Governing Internships

The agency shall furnish a copy of all policies, rules and regulations regarding internships or related areas. The intern/student assigned to the agency will be provided copies of said documents and held responsible for their content. Copies will be provided to the College instructor and kept on file.

Evaluation Forms

The Criminal Justice Department will supply forms to be used to formally evaluate the student throughout the internship. The agency agrees that the site coordinator will ensure that an evaluation form, completed by a person familiar with the student during the internship, is validated, signed, and forwarded to the Criminal Justice Department at the end of the internship experience.

Site Visits and/or Telephone Contact

It is agreed that an internship coordinator from the Criminal Justice Department will make at least one site visit during the course of the internship, and/or at a minimum, contact by telephone with the site coordinator. Contact from the Criminal Justice Department will be made to confirm placement. These contacts do not preclude contact with the school at any time performance problems arise with the intern.

Duties of the Site Coordinator and Student

Attached to this agreement is an explanation of the duties of the site coordinator and expectations (syllabus) of students assigned to the agency as internships.

Nature of Duties Intern Will Perform

As part of the internship application process, the intern will be interviewed by the agency. Part of the interview is to clarify the duties and work assignments that the student will engage in. Said duties then

become part of the formal agreement between the student and the Criminal Justice Department. It is agreed that the intern will be assigned to duties which are relevant to their field of study and do not put the intern/student at undo risk. It is important that the student understand what these duty assignments will be to ensure a quality internship experience.

Selection Process

1. The student will contact the Criminal Justice Department regarding their interest in participating in an internship. Following our initial review and provision of appropriate academic documentation, we will issue the student a letter of reference detailing their interest in an internship with your agency. Any student who does not have this letter upon contact with your agency has not been referred by the Criminal Justice Department of Grand Rapids Community College and should be referred back to our office.
2. The student shall participate in an interview with the site coordinator. Following this interview, and in the other selection procedures that the agency deems necessary, to include a driver's license and or criminal history check, the intern candidate will be formally accepted by the agency as witnessed by signing the internship agreement that the student will have been issued by the Criminal Justice Department. A signed copy by both supervisor and student/intern will then be sent to the Criminal Justice Department for their records.
3. At the completion of the internship experience, not less than 90 hours of work experience, the intern will complete a final report. This final report will be reviewed and signed by the site coordinator.

The Facility recognizes that GRCC has a policy, which states:

GRCC is an equal opportunity institution and does not discriminate on the basis of race, color, religion, sex, gender, age, national origin, weight, height, veterans status, marital status or non-disqualifying disability in any of its educational programs and activities, including admissions and employment. The Facility agrees to abide by that policy with regard to the education program provided for in this Agreement. Further, the Facility agrees to comply with all federal, state and local laws regarding equal opportunity.

Hold Harmless

GRCC shall indemnify and hold harmless the Agency from any and all claims brought on behalf of any faculty member, student, or other third parties arising out of the act or omission by a faculty member or student of GRCC while involved in the education at the Agency. The Agency agrees to indemnify and hold harmless GRCC from any and all claims arising out of the act or omission by the Agency in the operation of its business or the operation of this Program. GRCC has developed in cooperation with the Agency an education plan to be followed when GRCC faculty members and students are on the premises of the Agency. A copy of the plan will be made available to the Agency upon written request.
