

## **BUDGET CONTROL OFFICER RESPONSIBILITIES**

Note - All documents/instructions in red can be accessed on the Accounting and Budget Webpage.

### A. Approve transactions and use of funds for departments.

- 1) Basic knowledge of GRCC chart of accounts and PeopleSoft Financials required
  - a. **Chartfield Reference Guide**, Commitment Control Search – See **Quick Tips and Frequently Asked Questions**
- 2) Approve Online Transactions – purchase requisitions, journal vouchers, budget transfers – See **Quick Tips** or **Video Tutorial** for step-by-step instructions on how to enter and/or approve.
  - a. Is the correct account/department being charged?
  - b. Is the expenditure fiscally prudent? Meets department's goals/mission/vision?
- 3) Approve all invoices against departmental accounts in accordance with Accounts Payable Procedures – see 2a and 2b above and Purchasing guidelines detailed on Purchasing webpage.
  - a. Invoice < \$1,000 – BCO sign with gl acct # or complete **Payment Request Form** or **Multiple Vendor Form**, Invoice > \$1,000 – BCO sign, Purchase Requisition required.
  - b. If your department utilizes ImageNow Document Management, please see instructions under Guides and References on the Accounting/Budget webpage to learn how to approve invoices electronically.
- 4) Purchasing Cards can also be obtained by a BCO for small recurring expenses. Contact the Purchasing Department for details.

### B. Monitor the status of budget spending/activity by reviewing financial reports.

- 1) Where are budget reports located?
  - Budget reports for each department are located in the appropriate BCO folder (BCO Name) on the s drive at S:\Units\Financial Services\Reports\Organization – request access via email to Todd Hurley. Reports are updated on a weekly basis with current general ledger activity by Financial Services staff.
- 2) BCOs can also generate their own real-time budget reports if they want to see transaction detail or review the budget status of ALL accounts assigned to them in one report.

- Real-time summary and detail account information can also be generated by the BCO or BCO assistant for a designated department or grant via the **BCO Budget Report**.
  - For a summary of ALL available funds remaining by Account by BCO, please run the following public queries in FSPROD:
    - FS\_BCO\_BUDGETS or FS\_BCO\_BUDGETS\_GRANT (for grants only, report will list all grants sorted by BCO Name)
      - Note – When prompted for BCO Name, please enter BCO name as follows: Last Name,First Name (CAPS on first letter of last name and first name and no space after comma).
      - Note – Query delivers all accounts for BCO selected and any accounts with positive amounts are overspent.
- 3) Monitor controllable line items only (non-salary/fringe accounts)
    - a. General Fund Budgets (Fund 11) – any amounts unspent at year end DO NOT roll over into the next fiscal year. All other Fund Budgets do roll over unspent funds and these budgets must have a positive fund balance at year end (amount on bottom of report).
    - b. Accounts should never be overspent – Actual + Encumbrances (Purchase Orders Outstanding) greater than Budget. If so, then transfer dollars from one dept to another via a **Budget Transfer – See Quick Tips or Video Tutorial**.
  - 4) If a line item total does not seem appropriate based on known activity, then investigate the detail by running **BCO Budget Report**. These instances should be rare – Reconciling PeopleSoft detail activity to the Budget Status Report is NOT NECESSARY. BCO transaction approvals ensure that amounts are charged to the correct account numbers.
  - 5) Plan for future purchases by transferring dollars from one controllable line item to another via **Budget Transfers – See Quick Tips or Video Tutorial**.
  - 6) Correct distribution of expenses via **Fund Transfers – See Quick Tips or Video Tutorial** if necessary.
  - 7) Additional detail regarding printing expenses charged to budgets can be accessed at S:\groups\public\QuickCopy.
- C. Writing, submitting, and tracking grant proposals and monitoring adherence to grant requirements. The Guide to Grants Management is located at:  
[http://web.grcc.edu/grants/grants\\_management\\_guide.pdf](http://web.grcc.edu/grants/grants_management_guide.pdf).

D. Understand GRCC budget calendar, request guidelines and other budget processes (see Budget Information heading on Accounting/Budget webpage).
