

Multiple Choice Exam

1. Each student will get a scantron form and the multiple-choice exam.
2. Students need to use a pencil on the scantron form (we give them pencils in their folder at registration, but it is best if they bring their own also).
3. They MAY write on the exam. They may keep the exam after it is over.
4. There is no penalty for guessing. Also, they should not spend too much time on a problem they do not know how to do. The questions do not necessarily get more difficult later in the test so they should work ahead and come back to ones they do not know how to do. **It is not expected that anyone will get every question correct.**
5. ***Only the top four scores from each team are counted so there is no pressure.***
6. The scantron sheet must be marked correctly. Fill in the bars. Do not put check marks or x's through them. **IF ANY STUDENT MARKS THE BOX CALLED "KEY", THEIR TEAM WILL BE DISQUALIFIED.**
7. Students will have 40 MINUTES for the multiple choice test and are given a warning when there is 5 MINUTES left.

NO TI-92'S, TI-89's (OR ANY OTHER QWERTY KEYBOARD OR COMPUTER ALGEBRA SYSTEM INSTALLED CALCULATOR) MAY BE USED FOR THE MULTIPLE CHOICE EXAM.
