III. Policy Statement

Employees responsible for collecting and analyzing data in their work for GRCC use various methods to gather relevant information. When the Michigan Freedom of Information Act is used to solicit information from public bodies, all work-related requests should be made through the Office of General Counsel.

IV. Reason for the Policy

As a public body covered by the Michigan Freedom of Information Act, we understand the efforts that are invested in providing timely responses to FOIA requests. We desire to be transparent in our efforts to gather public records from other public bodies and to provide a single point of contact for other institutions who are asked to respond to requests from GRCC.
